Cavite braces for the impact of Bataan oil spill

Following the capsizing of MT Terra Nova which was carrying 1.4 million liters of industrial fuel off the coast of Limay, Bataan, the province of Cavite has taken proactive measures to mitigate its impact on the coastal waters of the province and the fisherfolk communities in the nine coastal cities and municipalities of the province – City of Bacoor, Cavite City, Noveleta, Rosario, Kawit, Tanza, Naic, Maragondon, and Ternate.

Governor Jonvic Remulla announced a "NO CATCH ZONE" for all shellfish in the affected waters to ensure the safety of both the fisherfolks and the consumers and convened the Provincial Disaster Risk Reduction and Management Council. Upon PDRPMC's recommendation, the Sangguniang Panlalawigan passed Resolution No. 3228-2024 declaring a State of Calamity in the coastal areas in the province of Cavite due to the adverse impact of the Bataan oil spill.

As early as July 26, the provincial government has activated its Incident Management Team and Emergency Operation Center which serves as the central coordinating channel facilitating close coordination with all concerned agencies. Subsequent monitoring and assessment of coastal waters were done by the DENR, Provincial Government thru the OPENRO and OPDRRMO, City/Municipal ENROs, local DRRM offices and the Philippine Coast Guard. Simultaneous coastal cleanups were also conducted in the coastal cities and municipalities which revealed wastes covered with oil, presence of sheen observed on the water, traces and smell of oil in the shoreline. The PCG also installed fabricated spill booms in Ternate area to prevent or at the very least, slow down the possible spread of the oil spill.

The Governor has instructed the immediate distribution of relief goods to help the affected communities paddle their way through the crisis while the national agencies and local government work hand in hand to resolve the problem as soon as possible. As of the 2024 data, Cavite's fisher folk population is more than 25,000 across the nine coastal cities and municipalities. With a projected initial discharge rate of 120 gallon per hour from July 25-27, reducing to 1 liter per hour from July 28 onwards based on the latest PAGASA Oil Spill Trajectory and Fate Forecast, coupled with the changing weather parameters in the surrounding oil spill area, the extent of spread is not yet certain. The provincial government remains vigilant as it works for the welfare of the Caviteño coastal communities whose livelihood rely on fishing and marine produce harvesting and marketing. - OPIO

POGO-like businesses in Cebu being validated as five allegedly inactive says PRO-7

The Police Regional Office in Central Visayas (PRO-7) yesterday directed its Tri-Cities police commands to validate reports on suspected Philippine Offshore Gaming Operators (POGO)-like activities.

PRO-7 spokesperson Lt. Colonel Gerald Ace Pelare told DAILY TRIBUNE that there were five POGOs observed in Cebu in the past years but are now inactive.

"We are validating the reports and the crackdown is in compliance with the order of President Ferdinand Marcos Jr. during his third State of the Nation Address (SONA) to ban POGO operations in the country due to proliferation of crimes related to it," he said.

In 2019, elements of the Criminal Investigation and Detection Group (CIDG) led by then Col. Lito Patay raided a POGO operation den at the Mactan Newton in Barangay Mactan, LapuLapu City, Cebu.

After two days, Patay was relieved from his post. Pelare said the five inactive POGOs were operating in the cities of Cebu, LapuLapu and Mandaue.

Business registrations reaches 740k in half year---The Department of Trade and Industry (DTI) disclosed that there were over 740,000 business names have been registered with their office.

This is 4.9 percent higher than the 713,048 business registrations in 2023 from January to June. There were 660,177 new registrations while 87,980 were renewals.

DTI Undersecretary Jean Pacheco told reporters that many of the businesses being registered are online businesses.

Pacheco attributed the increase to sari-sari or micro convenience stores and the thriving business environment in the CALABARZON (Cavite, Laguna, Batangas, Rizal, Quezon).

Resigned DTI Secretary Alfredo Pascual said "These impressive figures demonstrate the strong entrepreneurial spirit of Filipinos and the effectiveness of our initiatives to foster a business-friendly environment."

The growth in business name registrations is considered a positive economic indicator as it signals a growing economy, increased job opportunities and a brighter future for the country.

Mandaue City Mayor Jonas CORTES and LapuLapu City Mayor Junard Chan said earlier this week that there are no active POGO hubs that has been reported or monitored in their respective localities.

While Cebu city acting Mayor Raymond Alvin Garcia said the city government will take a second look at the business establishments operating in the locality, including business process outsourcing (BPO) firms.

Garcia ordered the Business Permit and Licensing Office (BPLO) to review all records and documents of all registered businesses in the city.

He also tasked the BPLO to conduct onsite inspections of BPOs and other establishments suspected of engaging in POGO-like activities under the guise of legitimate businesses.

"I will not discount those possibilities," Garcia said. Earlier, Department of Interior and Local Government (DILG) Secretary Benjamin Abalos Jr. said he would verify reports of "POGO-like activities" in the province, according to the information he received from the Philippine Amusement and Gaming

In 2023, the DTI registered 984,330 business names or five percent higher than 2022.

DAPAT bigyan ng pansin ang kalidad ng edukasyon ng bansa. Ang kalidad ng edukasyon ay may mahalagang parte para hubugin ang kinabukasan ng bansa. Subalit, ang bansa ay may pinagdadaanang pagsubok.

Ang nakikita nating problema, ang kulang na pondo sa edukasyon, trained and qualified teachers, outdated curriculum, kakulangan ng pasilidad, at mababang sweldo sa mga guro, kung kaya't ang iba sa kanila ay pinagtutuunan kung papa-ano matutugunan ang kanilang pang-araw-araw na pangangailangan.

Wala tayong dapat sisihin sa gobyerno sa mga pagkukulang na ito, bagkos magka-isa para mabigyan ng solusyon ang problema sa KALIDAD ng EDUKASYON sa bansa. Tama po ba ko? Kung hindi man, baka ma-aari magbigay kayo ng mga suhestyon.

Bakit hindi natin tingnan ang University of the Philippines, Diliman, Quezon City. Anong meron sila na pang WORLD CLASS ang kanilang kalidad ng edukasyon? Hindi nga ba at ang kanilang mga estudyante ay nai-ilalaban pa natin sa ibang eskwelahan sa isang bansa, sa pamamagitan ng tagisan ng talino? Kapag sinabi na graduate sa UP, Summa Cum Laude, Magna Cum Laude, at Cum Laude yan! Walang duda! Pero, kapag sinabi sa ganitong eskwelahan? Favoritism yan! O baka naman barkada yan ng mga gurol! May ganun!

KAPAG GRADUATE NG UP, WALANG DUDA!

Kaya naman nais nating batiin ng CONGRATULATIONS itong si former Bureau of Customs Deputy Commissioner Reynaldo Nicolas, graduate ng UP College of Law, at BAR Top Notcher, sapagkat ang kanyang anak na si Jet Ryan Pecson Nicolas, ay nagtapos na may karangalan na CUM LAUDE.

Opo nitong August 3, 2024 ang University of the Philippines, College of Law, ay nagkaroon ng College Recognition Rites, sa University Theater Main Stage, Villamor Hall, UP Diliman, Quezon City, kung saan masayang tinanggap ni Jet Ryan ang kanyang karangalan. At syempre kasama ang kanyang proud na proud na ama.

Ika nga nila may pinagmanahan! Pabor po tayo diyan, dahil si Dep. Comm. Nicolas, ay isa sa mga nire respeto na abogado, at dating kawani ng Bureau of Customs, hindi lamang sa kanyang katalinohan, kundi ang kanyang magandang ugali.

Mabuhay po kayo Dep. Comm. Atty. RN and Jet Ryan, nakakatiyak kami ang iyong magandang kinabukasan, at magkakaroon ng tagapag tanggol ang mga kababayan natin na biktima ng panahon. At maparuasahan ang totoong may sala! Muli CONGRATULATIONS and GOD BLESS!

Sa ilalim ng pamumuno ni Alejandro H. Tengco, ang inisyatiba na ito ay hindi lamang naglalayong gawing moderno ang mga gawi sa pagsasaka ngunit sinusupportahan din ang mas malawak na mga layunin na may kaugnayan sa seguridad sa pagkain at pag-unlad ng ekonomiya sa loob ng rehiyon. Hanggang sa muli.

Fernando has also activated the province's incident command post a day after the reports on the oil spill incident headed by Bulacan Environment and Natural Resources Officer Atty. Julius Victor C. Degala and Provincial Disaster Risk Reduction and Management Officer Manuel M. Lukban to oversee the ongoing monitoring and assessment of the affected areas.

Together with the council, Abalos also suggested to conduct daily testing and monitoring of the water quality of the affected areas and the creation of core group responsible for coordinating and managing the response to the local government units affected by the oil spill.

"What is important is you do your report and everyday testing (water quality), ibigay agad sa mga gobernador, sa mga mayors – sa lahat. Napaka-importante noon," the secretary said.

Tiniyak naman ng GCash na sila ay sumusunod sa mga regulatory requirements at patuloy na gumagamit ng world-class security features upang protektahan ang mga users laban sa mga scams.

Kaugnay nito, binigyang-diin ni GCash Chief Legal Officer Atty. Maricor Alvarez-Adriano ang dedikasyon ng GCash na makipagtulungan sa gobyerno upang labanan ang anumang uri ng cybercrime.

Sa kasalukuyan, nakapagtala na ang PNP ng mahigit 15,000 na mga insidente ng scams, partikular na ng 'swindling.'

Ang patuloy na pakikipagtulungan ng GCash sa mga awtoridad ay nagsanhi ng deactivation ng 5.6 milyong accounts na may koneksyon sa suspicious activities at rejection ng 2.2 milyong account takeover attempts.

Kaagad na pinakilos ni Speaker Ferdinand Martin G. Romualdez ang kanyang mga kapwa mambabatas upang tulungan ang libu-libong mangingisda sa apat na lalawigan na naapektuhan nang pagtagas ng langis.

Ayon Kay Romualdez, "Hindi na natin hihintayin na humingi sila ng tulong sa atin. Tayo na ang lumapit sa kanila para alamin kung ano ang tulong na kailangan nila sa atin at sa gobyerno."

Hinikayat rin niya ang kanyang mga kasamahan mula sa Bataan, Pampanga, Bulacan, at Cavite na makipag-ugnayan sa mga apektadong mangingisda upang tukuyin ang mga tulong na kanilang kinakailangan.

Hiniling rin niya sa mga mambabatas sa mga apektadong lugar na i-assess, sa tulong ng mga local government units, Bureau of Fisheries and Aquatic Resources, Philippine Coast Guard at iba pang concerned agencies, ang pinsalang dulot ng oil spill, gayundin ang lawak nito.

Matatandaang napaulat na tumagas ang industrial fuel at diesel mula sa dalawang barko na lumubog sa Bataan at sa Manila Bay area noong nakaraang linggo.

Ang isa sa mga barko, na MT Terranova, ay may kargang 1.4 milyong litro ng industrial oil.

Patuloy namang nagsusumikap ang mga awtoridad na pigilan ang pagtagas ng langis.

Nabatid na ang mga mangingisda na apektado ng oil spill ay kinabibilangan ng mga nagmula sa Bulacan, na nasa 11,000 na may estimated combined monthly income na P83 milyon; 8,000 sa Bataan na kumikita ng P63 milyon sa isang buwan, at libu-libong iba pa mula sa Pampanga at Cavite.

Sa Cavite, binalaan na ng mga local officials ang apat na bayan, "Oil spill alert. Coastal barangays of Ternate, Maragondon, Naic, and parts of Tanza will be affected."

Sa pagtaya ng Marine Science Institute ng University of the Philippine, ang oil spill ay maaaring tumagas patungong norte, at makaapekto sa Bulacan, gayundin sa coastal areas sa Cavite.

Tinataya naman ng Philippine Space Agency na nasa 93.74 square kilometers ang nasakop ng langis sa Manila Bay.

SM Prime Widens the Landscape In Renewable Energy

As part of its net-zero commitment by 2040, one of Asia's leading real estate and property developers, SM Prime Holdings, Inc. (SM Prime), partnered with global integrated energy company TotalEnergies for the installation of a 2 Megawatt-peak (MWp) Solar Photovoltaic (PV) System Rooftop project in Pasay City.

The partnership venture aligns with SM Prime's efforts in expanding its renewable energy portfolio and affirms TotalEnergies' commitment to advancing renewable energy solutions in various urban settings.

Designed with a power yield of 3,000 Megawatt-hour (MWh) of electricity annually, the solar partnership project has over 3,672 PV panels installed and is expected to provide huge cost savings for SM Prime. Located at the MOA Square in the Mall of Asia Complex, the solar installations are expected to reduce the building's carbon footprint by about 1,430 tons of carbon dioxide (CO2) emissions annually.

"SM Prime is proud to work alongside TotalEnergies on this project. This partnership is our commitment to sustainability and achieving Net Zero by 2040. We are also taking a proactive stance in supporting the Department of Energy's (DOE) target of reaching 35% renewable energy by 2030. Together, we're driving meaningful change towards a more environmentally conscious future," said John Nai Peng Ong, SM Prime Chief Finance Officer.

"We are thrilled to announce the successful deployment of solar rooftop installations at the Mall of Asia in the Philippines, marking a significant achievement in both environmental and economic sustainability for SM Prime," said Elodie Renaud, Managing Director of TotalEnergies Renewables Distributed Generation Asia.

For the past few years, SM Prime continues to grow its partnerships with key clean energy players, leveraging its relationships and earned experiences to drive its environmental stewardship campaign. Capitalizing on these partnerships has provided for SM Prime huge economic, environmental, and social dividends.

In 2022, SM Prime secured a long-term deal with AboitizPower for its clean energy supply. Under the agreement, AboitizPower will provide reliable and responsibly-sourced energy from Tiwi-MakBan Geothermal Power Plants, and PV Sinag's Power Plants, operated and managed by AboitizPower subsidiary,

More than 3,600 solar panels were installed on the roof of MOA Square in the Mall of Asia Complex.

Aboitiz Renewables, Inc. (ARI).

The following year, SM Prime signed a memorandum of agreement with Citicore Renewable Energy Company (CREC), wherein SM Prime will source 90 megawatts (MWac) from CREC's upcoming Lumbangan Solar Power Plant in Tuy, Batangas.

Apart from contributing to the DOE's 35% renewable energy goal by 2030, all these partnerships are aligned with the energy department and Energy Regulatory Commission's (ERC) policy of expanding the adoption of Retail Competition and Open Access (RCOA) in the energy industry.

To date, SM Prime currently sources at least 50% of its electricity utilization from clean, renewable energy.

SM Prime supports the Philippine government's aim to increase the country's renewable energy supply component to 50% by the year 2040. It remains committed to its role as a catalyst for economic growth, delivering innovative and sustainable lifestyle cities, thereby enriching the quality of life of millions of people. SM Prime is pursuing the next horizon on integrated property development and onward to building sustainable cities of the future.
