GMA Residents Benefit from Medical-Dental Outreach

The Provincial Government of Cavite, through the Office of the Provincial Governor (OPG) and the Office of the Provincial Health Officer (OPHO), conducted a Medical and Dental Mission on April 7, 2026, at Brgy. Poblacion 5, GMA.

A total of 425 residents benefited from medical services, while 67 individuals received dental care. Additional diagnostic services were also made available, with 17 residents undergoing ECG and 85 availing of FBS (fasting blood sugar) testing, helping detect and monitor common health conditions.

The activity was graced by 5th District Board Member Aidel Paul Belamide, joined by Municipal Councilor Aisa C. Gutierrez and other local officials, whose presence reinforced the province's commitment to accessible and community-based health services.

In collaboration with the GEAMH and Carsigma District Hospital medical team, consultation services were efficiently delivered, ensuring that patients received proper assessment and care.

The OPHO dental team provided dental services, while the OPG medical team distributed free medicines to beneficiaries, extending support beyond consultation.

Healthcare professionals and volunteers worked hand in hand to provide consultations, basic treatments, and dental procedures in a setting marked by cooperation and compassion.

The mission reflected a simple yet meaningful goal: to bring government services closer to the people.

It also highlighted the enduring spirit of bayanihan, as local leaders and health workers came together to serve the community. — OPIO

15,766 Tricycle drivers to receive cash aid in Cebu, Bohol on April 8

8 Dams for Cebu proposed

Operation Tuli serves 101 young boys in the City of General Trias: A successful run of the PGC's Operation Tuli program was conducted on April 6, at Barangay Manggahan, City of General Trias, providing essential medical services to young male beneficiaries in the community. A total of 101 patients safely underwent circumcision, performed by skilled and dedicated medical professionals from the Office of the Provincial Health Officer (OPHO), General Trias Rural Health Unit, and interns from the Cavite State University College of Medicine. The collaborative effort ensured that all procedures were carried out efficiently, following proper medical standards and protocols. The activity was also graced by 6th District Board Member Kerby Salazar, who showed support for the initiative and emphasized the importance of accessible healthcare services at the community level. The Operation Tuli program not only promoted proper hygiene and preventive healthcare among young boys but also reflected the continued commitment of local health authorities and partners in delivering quality and compassionate medical services to the people. — OPIO

A heartfelt congratulations to our young people who graduated successfully. We are extremely proud of your hard work, perseverance, and dedication. This success is just the beginning of many more opportunities for you to achieve. As your City Government, you can continue to count on our full support in your educational journey. We're here to take your every step towards a brighter future.

Remember, you may choose your sin, but you cannot choose the consequences.

PhilHealth-7 suspends Cebu Maternity hospital accreditation for 3 months

ON THE WATCH

Rico Osmeña

The Philippine Health Insurance Corporation in Central Visayas (PhilHealth-7) disclosed on Friday, the imposition of suspension of the accreditation of Cebu Maternity hospital in Cebu City for violations in the Breach of Warranties of Accreditation and the Implementing Rules and Regulations of Republic Act 7878 or the National Health Insurance Act of 1995, as amended.

The case stemmed after a hospital inspection and monitoring conducted by the Legal Office of PhilHealth-7 in November 2011. Upon review of records available, it was observed that a benefit claim was filed for a 50-day confinement despite the attending physician having issued a "May Go Home Order" several days earlier.

Moreover, there was an under-deduction of room and board benefits due to the patient upon discharge.

15,766 Tricycle drivers to receive cash aid in Cebu, Bohol on April 8

At least 15,766 tricycle drivers are set to receive cash relief assistance of P5,000 each today, April 8, 2026.

This was disclosed on Tuesday by Department of Social Welfare and Development in Central Visayas (DSWD-7) Regional Director Shalaine Marie Lucero.

"The payout aims to mitigate the impact of the Oil price hikes on the transport sector caused by the ongoing crisis in the Middle East," Lucero said.

Each beneficiary will receive cash relief of P5,000 through the Assistance to Individuals in Crisis Situations (AICS). The cash assistance will cover nine Cebu local government units (LGUs) and one in Bohol.

These LGUs include Bogo City (1,746 drivers), Danao City (391), Mandaue City (1,606), Cebu City (626),

Cebu Maternity, formerly Cebu Puericulture Center and Maternity House Inc. was also found in violation of the PhilHealth Circular No. 14, s. 2010, which stated that "payment for room and board cover only up to the date the attending physician issues the order of discharge." During this period, PhilHealth was still implementing a fee-for-service payment scheme.

The decision to suspend the hospital's accreditation following findings of administrative offense related to the Breach of Warranties of Accreditation, pursuant to Section 150 of the Implementing Rules and Regulations (IRR) of R.A. 7875, was promulgated in December 2025.

The Cebu Maternity Hospital filed an appeal but was denied by the Court of Appeals (CA).

Daily Tribune tried to interview Cebu Maternity Hospital but as of this writing, no reply yet.

Cebu Maternity Hospital was fined P20,000, along with three-month accreditation suspension from March 2 to May 31, 2026.

Benefit claims for confinements in the facility during this period shall not be received, processed, or paid by PhilHealth. Members are reminded that PhilHealth benefits may only be availed of in facilities with valid accreditation.

One of the objective of the National Health Insurance Program is to provide all Filipinos with health insurance coverage and ensure affordable, acceptable, and accessible health services.

This is not the first hospital that have their accreditation suspended here in Region VII. Five facilities were suspended between 2013 and 2026 due to varying offenses.

PhilHealth was established to administer and implement the mandate as Healthcare providers are granted the privilege of partnering with PhilHealth in achieving these objectives, a responsibility that entails proper compliance with the rules and regulations of the National Health Insurance Act.

Cebu Province launches Mobile People's Market

The Cebu Provincial Government launched on Thursday, April 9, 2026, the Mobile People's Market.

Cebu Governor Pamela Baricuatro told the Daily Tribune that the initiative aims to help farmers avoid losses due to low prices in the south while allowing consumers in the north to purchase fresh produce at prices lower than the prevailing market prices.

"This is bringing fresh and affordable vegetables from farmers in South Cebu to various towns in the northern part of the province using the Agrilink Cebu Reefer Van," the governor said.

The first stop of the Mobile People's Market was in Daanbantayan, Cebu on Thursday.

Other scheduled stops include Catmon, Borbon, Medellin, and Tuburan.

While bulk buyers may also place their online orders through the Agrilink platform with free delivery for orders reaching a minimum of 500 kilograms.

Baricuatro narrated that this is one of the best innovations as local government units (LGUs) implementing digital agricultural measures will bridge the gap between farmers and the market.

photocopy.

The birthdate and full name must match the list submitted to DSWD.

It is important to note that sending representatives to claim the assistance is not allowed. Drivers must personally claim the cash aid to ensure legitimacy.

"Our goal is to ensure a professional, organized, and efficient payout across all implementing LGUs. Our teams will be fully mobilized to carry out the payout, and we will ensure that all stakeholders, especially the LGUs, will do their part to ensure a safe and smooth distribution," Lucero added.

DSWD-7 assures that the Field Office will carry out a fast, efficient, and organized payout for tricycle drivers in Central Visayas. **(By RICO MIRASOL OSMEÑA)**

The Agrilink Cebu is a provincial initiative designed to strengthen livelihood and food security for farmers and fisherfolk.

Its online platform agrilink.cebuprov.gov.ph serves as a digital venue for farmers and fisherfolk to showcase their products, providing direct access to markets. Initially, over 250 beneficiaries in Cebu have received agricultural and fishery inputs through this initiative.

Its goal is to reduce agricultural losses and connect consumers with local, fresh, and organic produce from various municipalities. **(By RICO MIRASOL OSMEÑA)**

8 Dams for Cebu proposed

The Department of Public Works and Highways (DPWH-7) and Department of Environment and Natural Resources (DENR-7) in Central Visayas announced on Monday that eight dams are being proposed to be constructed in Cebu for Fiscal Year 2027.

In a joint harmonization meeting between DPWH-7 and DENR-7 officials, both agencies agreed to conduct joint inspections and closely coordinate on permitting and technical requirements.

The meeting aimed to align infrastructure development with environmental regulations, ensuring that

projects proceed without violating protected areas or Timberlands.

The dams will be within the Central Cebu River Basin Master Plan.

DPWH-7 also highlighted the prioritization of the Metro Cebu Expressway Project, while DENR-7 and the Environmental Management Bureau 7 pledges to facilitate environmental clearances, provide training and capacity-building activities and support permit processing.

The attendees included DENR-7 Executive Director Laudemir Salac, DPWH-7 Regional Director

Simon Arias, Assistant Regional Directors, district engineers, and division chiefs from both agencies.

Salac said early and sustained coordination is critical to prevent delays and ensure compliance with Environment laws. "This harmonization ensures that development projects move forward without compromising our environmental laws," Arias emphasized.

As he cited that Infrastructure development and environmental protection must go hand in hand.

"Through this strengthened coordination with DENR-7, we can fast-track projects while ensuring they are sustainable and compliant," Arias said. **(By RICO MIRASOL OSMEÑA)**

ASEAN unity critical in addressing maritime security challenges

MANILA – Unity among Association of Southeast Asian Nations (ASEAN) members is crucial in addressing evolving maritime security challenges in the region.

Armed Forces of the Philippines (AFP) chief Gen. Romeo Brawner Jr. said united ASEAN member states will preserve regional stability.

"ASEAN has always drawn its strength from unity of purpose. That unity must continue to guide us not only in preserving what we have built -- but in shaping what comes next," he said in a media release Sunday.

Brawner issued the comment during the Philippine Navy Maritime Security Symposium 2026, which has the theme "Maritime Security in Southeast Asia: Navigating Continuity and Change Through ASEAN" and where he was the keynote speaker on Friday.

He highlighted the symposium's role as a platform for meaningful collaboration and collective action among regional partners.

"Let this symposium serve not only as a venue for dialogue, but as a shared commitment to act with clarity, to cooperate with purpose, and to uphold a maritime domain that remains a source of stability and connection for all," Brawner said.

The security symposium, launched by the Navy in 2015 as part of its anniversary activities, serves as a vital platform for stakeholders to exchange insights on emerging issues, and strengthen cooperation toward a safe and secure maritime environment. **(Priam Nepomuceno/PNA)**

Bulacan's New Manila International Airport Showcased at OECD Forum as Model for Global Environmental and Social Standards

KATROPA N'YO
Vic Billones III

The groundbreaking New Manila International Airport (NMIA) project in Bulacan has been spotlighted on the world stage, presented as a leading example of how major infrastructure developments can meet and exceed global environmental and social standards.

At the prestigious 12th OECD Workshop for Financial Institutions held in Paris, San Miguel Aerocity Inc. (SMAI), the driving force behind NMIA, was invited to showcase the project before a distinguished audience of export credit agencies, commercial and development banks, financial institutions, and top environmental and social experts from all 38 OECD member countries.

Elevated to a plenary case study, the NMIA presentation emphasized its rigorous alignment with the International Finance Corporation (IFC) Performance Standards and the Equator Principles—benchmarks recognized worldwide by international lenders for sustainable infrastructure financing.

SMAI shared the stage with Atradius Dutch State Business, the project's export credit insurer, and Earth Active, its independent environmental and social consultant, underscoring a multi-stakeholder commitment to excellence.

The spotlight was on NMIA's transformative approach—moving beyond local regulatory requirements to embrace internationally recognized frameworks. This includes robust internal management systems and proactive biodiversity and social risk mitigation strategies tailored to the airport's complex coastal environment, home to critical habitats.

Workshop participants lauded NMIA as a beacon of transparency and credibility in navigating environmental and social challenges inherent in large-scale infrastructure projects. The discussions highlighted SMAI's candid sharing of early project hurdles, capacity-building initiatives, and adaptive management strategies, particularly in biodiversity offsets and social performance monitoring.

Moreover, NMIA emerged as a practical reference point for lenders evaluating infrastructure investments in emerging markets, demonstrating how collaborative efforts between project sponsors and financial institutions can effectively bridge gaps and elevate environmental and social safeguards over time.

Marije Hensen of Atradius Dutch State Business commented, "The NMIA project exemplifies how financial institutions and consultants can collaborate to guide developers toward full compliance with international standards. Our careful review and eventual support affirm the project's outstanding progress and potential."

In parallel, SMAI reaffirmed its unwavering focus on critical technical and environmental considerations such as flood resilience, land stability, and comprehensive environmental safeguards. These priorities continue to be rigorously addressed through ongoing assessments and mitigation strategies aligned with both Philippine regulations and global lender standards.

Founded in 1961, the Paris-based OECD remains a global leader in shaping policies on corporate governance and sustainability, with its frameworks embraced far beyond its member nations.

SMAI's participation in this high-profile workshop underscores its commitment to global best practices and strengthens its reputation as a pioneering Philippine infrastructure developer capable of meeting the highest international standards demanded by OECD countries, export credit agencies, and commercial lenders alike.

oOo

ACT NOW – OUR PEOPLE CAN'T WAIT

The numbers on our screens are staggering, but the reality in our homes is even harder to bear. Crude oil prices have surged to levels we haven't seen in years, and every Filipino is paying the price – literally.

Tricycle fares have climbed higher than many can afford. Jeepney drivers are choosing between fixing their vehicles and putting food on their own tables. Diesel and gasoline prices keep breaking records, and with them, the cost of every single thing we need to survive – from rice and

San Miguel Aerocity Inc., led by Cecile L. Ang, Director for Corporate Relations and Special Projects (third from left), presents the New Manila International Airport as a case study on how infrastructure projects can comply with international environmental and social standards at the 12th OECD Workshop for Financial Institutions in Paris in February.

SMAI, the developer of the New Manila International Airport in Bulacan, joined Atradius Dutch State Business and the project's Independent Social and Environment Consultants at the 12th OECD Workshop for Financial Institutions in Paris in February.

fish to soap and medicine.

When parents skip meals so their children can eat. When students walk miles because they can't pay for transport. When small business owners close their doors after decades of hard work – this isn't just an economic issue. This is a crisis that demands action today.

The conflict in the Middle East adds more uncertainty to global oil markets, but we can't let that be an excuse for inaction here at home. Our people don't have time to wait for long-term plans or international peace deals – they need help right now.

We don't need complicated proposals – we need simple, direct steps that make a difference immediately:

First, provide emergency subsidies to public transport operators. A little help for jeepney and tricycle drivers means fares stay affordable for everyone who relies on them to get to work, school, and the market.

Second, implement a temporary price cap on essential commodities. Freezing the cost of rice, eggs, cooking oil, and bread for even a few weeks would give struggling families much-needed breathing room.

Third, slash fuel taxes temporarily. Every peso taken off the price of diesel and gasoline eases the burden on every single household and business in the country.

Fourth, get cash aid directly to the poorest communities – no delays, no middlemen. Families living hand-to-mouth can't afford paperwork or waiting periods.

But government action alone isn't enough. We have to stand together as a community too. Start a neighborhood bulk-buying group to bring down costs.

Carpool with coworkers or neighbors to save on transport. Check on elderly or low-income families in your area – sometimes a bag of rice or a few canned goods can make all the difference.

Tsk! Tsk! Tsk! In times like these, Filipino resilience means more than just toughing it out – it means looking out for one another, speaking up for those who can't, and demanding that our leaders prioritize people over politics.

We've been patient long enough. Our people can't wait any longer. The time for action is now.

DSWD begins distribution of cash assistance to tricycle drivers in Calabarzon

CALAMBA CITY, Laguna (PIA) — The Department of Social Welfare and Development (DSWD) Field Office IV-A has started the distribution of cash relief assistance to more than 24,000 tricycle drivers across 13 payout sites in the Calabarzon region on Wednesday, April 8.

According to Joseph Arceo, DSWD IV-A's regional information officer, the assistance provided under the Assistance to Individuals in Crisis Situation (AICS) program, aims to support public utility vehicle (PUV) drivers whose livelihoods have been affected by rising fuel prices. "Ang programang ito, under siya ng AICS namin, o Assistance to Individuals in Crisis Situation. Nakatuon ito para sa mga PUV drivers, ito ang cash relief assistance for PUV Drivers, kung saan ang mga targeted na drivers ay makakatanggap ng P5,000 na relief assistance.

"Bibigyang-diin ko lang na ang cash assistance na ito ay iba pa sa fuel subsidy na ibinigay ng pamahalaan, na pinangangasiwaan ng Department of Transportation,"

CHR CALABARZON reiterates mandate, urges public to seek help on rights violations

CALAMBA CITY, Laguna (PIA) — Emphasizing that human rights are universal and inherent to all, the Commission on Human Rights (CHR) CALABARZON reiterated that "the only requirement to have human rights is to be human," urging the public to seek assistance without hesitation in cases of alleged rights violations.

During an interview on the Sulong Southern Tagalog radio program on March 30, 2026, CHR CALABARZON clarified its mandate and addressed common misconceptions about its role, particularly the notion that it functions as a court or prosecuting body.

Aileen Co Edades, Chief of the Promotion and Advocacy Division of CHR Region IV-A, emphasized that the Commission does not exercise prosecutory powers nor issue judicial decisions.

"Hindi po tagahatol ang CHR. Wala po kaming prosecutory power ang Commission on Human Rights," Edades said.

She explained that the CHR is mandated to investigate alleged human rights violations, especially those involving persons in authority, and to ensure that cases are properly documented and referred to appropriate agencies for action.

Edades noted that the Commission's work is anchored on the "Four Ps"—Protection, Promotion, Prevention, and Policy.

These include investigating complaints, providing

DOLE offers TUPAD jobs to Calabarzon PUV drivers amid rising fuel costs

CALAMBA CITY, Laguna (PIA) — The Department of Labor and Employment (DOLE) in Calabarzon is set to extend support to transport workers affected by rising fuel prices through the Tulong Panghanapbuhay sa Ating Disadvantaged/Displaced Workers (TUPAD) program.

According to DOLE IV-A, preparatory activities for the program's rollout have already begun, in coordination with members of the Regional Tripartite Industrial Peace Council (RTIPC) IV-A and the Transport Industry Tripartite Council (ITC).

"The proposed intervention will engage affected transport workers, particularly bus and jeepney drivers, in emergency employment under the TUPAD framework," DOLE IV-A Regional Director Erwin N. Aquino said in a statement.

Aquino added that rather than providing direct cash assistance or fuel subsidies, the program will compensate drivers for offering free rides to the commuting public.

"This approach ensures beneficiaries remain productively employed while extending immediate relief to

DFA assures: Any joint oil exploration to follow PH laws

MANILA — The Department of Foreign Affairs (DFA) on Sunday assured that any potential joint oil and gas exploration with China, or any other country, will strictly adhere to the Philippine Constitution and existing laws, amid renewed discussions on energy cooperation.

In a statement, the DFA emphasized that the Philippines retains sovereign rights over natural resources within its Exclusive Economic Zone (EEZ) and continental shelf. "Any decision to pursue, structure, or conclude an agreement on oil and gas cooperation, with China or any other foreign government, will be made solely in accordance with the Philippine Constitution and the country's laws, jurisprudence and regulations, and in full assertion of its sovereign prerogatives," the DFA said.

The DFA noted that President Ferdinand R.

Arceo said in a radio interview with Radyo Pilipinas Lucena. Based on the department's list of pilot implementation areas, the rollout in Cavite covers the cities of Imus, Cavite City, Carmona, and Bacoor, while Biñan and Santa Rosa are included in Laguna. In Batangas, beneficiaries are from Batangas City, Lipa City, Calaca City, Tanauan City, and Santo Tomas City. The program also extends to Antipolo City in Rizal and Lucena City in Quezon.

Arceo said the DSWD Field Office IV-A aims to reach a total of 72,800 tricycle drivers under the initiative, expanding support to transport workers affected by rising fuel costs.

To ensure proper distribution, the DSWD reminded beneficiaries to bring a valid driver's license and a photocopy, and to coordinate with their respective local government units, particularly the City Social Welfare and Development Office, for the exact payout schedule.

Aside from tricycle drivers, jeepney drivers are also facing financial strain due to rising fuel costs. The

legal assistance, conducting information and education campaigns, and reviewing policies to ensure compliance with human rights standards.

She also clarified the misconception that the CHR exists to defend criminals, stressing that the institution was established to address abuses of power.

"Alam po natin na ang Commission on Human Rights ay binuo bilang pagtugon sa pagmamalabis ng Estado... hindi po para kumampi sa kriminal," she said.

Among the cases commonly handled by the CHR are arbitrary arrest or illegal detention, torture, violations of privacy, and discrimination, particularly against members of the LGBTQIA+ community. The agency also assists in cases involving violence against women and children (VAWC), sexual abuse, and online sexual exploitation of children (OSAEC).

Edades encouraged the public to be more aware of their rights and to seek guidance when they suspect violations.

"Kapag feeling natin nalabag na ang karapatan natin, puwede tayong magtanong. Huwag tayong mahiyang magtanong sa kinaaukulan," she added.

In 2025, CHR CALABARZON recorded more than 700 cases. However, Edades clarified that not all complaints are automatically classified as human rights violations, as each undergoes proper assessment and investigation.

She also underscored that all CHR services are

commuters grappling with rising transportation costs," Aquino stressed.

DOLE IV-A emphasized that TUPAD is not a dole-out system but an emergency employment initiative designed to uphold dignity and productivity among workers.

Under this scheme, participating drivers will continue performing their usual transport services, with the added component of providing free rides as a public service. In return, they will receive wages corresponding to their service duration, in accordance with TUPAD guidelines.

DOLE IV-A has directed RTIPC and Transport ITC members to begin identifying and consolidating a list of prospective beneficiaries. Priority will be given to bus and jeepney drivers who are among those most severely affected by fuel price volatility.

The agency noted that the initiative is expected to address multiple challenges brought about by the fuel crisis.

"For drivers, it provides a temporary yet meaningful source of income amid declining earnings due

Marcos Jr. has directed the government to explore all lawful and viable options to ensure energy security, especially amid global oil supply uncertainties and the country's ongoing energy emergency. It added that diplomacy remains a key approach in engaging China, including on energy matters, while upholding Philippine sovereignty.

The statement comes following calls from lawmakers for transparency in any renewed talks on joint exploration in the West Philippine Sea, with some warning of risks if agreements are forged without public scrutiny.

The South China Sea remains a major geopolitical flashpoint, with competing territorial claims despite a 2016 arbitral ruling that invalidated China's expansive claims, including areas in the West Philippine Sea that are within the country's territory.

DSWD advised them to await official announcements from their respective local government units regarding the distribution of assistance, which aims to help ease their daily operating expenses. (COP/PIA-CALABARZON)

free and accessible to the public.

"Libre po ang serbisyo ng Commission on Human Rights," she said.

The public may reach out to CHR CALABARZON through its regional offices, official social media platforms, and online portal for assistance, inquiries, and complaints.

The Commission continues to strengthen its advocacy efforts to enhance public understanding of human rights and its role as an independent watchdog safeguarding the dignity of every individual. (CM, PIA CALABARZON)

to high fuel costs. For commuters, it offers financial relief through free transportation services. More broadly, the program helps sustain mobility, support local economies, and maintain stability within the transport sector during a period of uncertainty," Aquino said. (PIA CALABARZON)

Energy cooperation in the area between the Philippines and China has faced setbacks in recent years. In 2023, the Supreme Court declared unconstitutional a tripartite agreement involving the Philippines, China and Vietnam for joint marine seismic surveys in disputed waters.

The DFA said it will continue working with concerned agencies to ensure that any arrangement "is anchored in the primacy of Philippine sovereignty" and consistent with international law and the peaceful settlement of disputes. Last month, Marcos said rising tensions in the Middle East that have led to disruption on global oil supply chain could be the "impetus" for the Philippines to "come to an agreement" on joint energy exploration in the South China Sea. (PNA)

BOC KUMILOS UPANG SIGORUHIN ANG SUPLAY NG PANGGATONG SA PAMAMAGITAN NG PRIORITY PROSESSING AT PATULUY NA PAGSUBAYBAY

Nga katoto sadyang ipinamalas ng Bureau of Customs(BOC) na nasa ilalim ng pamumuno ni katotong Ariel Nepomuceno ang malasakit nito sa bayan upang matugunan ang mga nagaganap na krisis hinggil sa mga suliranin sa petrolyo gawa ng nagaganap na digmaan sa Gitnang Silangan.

Kayat pinagtibay ng Bureau of Customs (BOC) ang mga hakbang nito upang matiyak ang matatag at walang hadlang na daloy ng mga inaangkat na petrolyo sa lahat ng daungan sa pamamagitan ng pinaigting na pang-araw-araw na pagsubaybay at prayoridad na pagproseso ng mga kargamento ng gasolina.

Pagpapadali sa mga Kargamento ng Panggatong

Upang matiyak ang walang hadlang na pagpasok ng mga kritikal na kargamento ng gasolina, naglabas si Customs Commissioner Ariel F. Nepomuceno ng OCOM Memo Blg. 36-2026 na may petsang 23 Marso 2026, na nag-uutos sa lahat ng daungan na ipatupad ang preferential handling, agarang pagdiskarga, pinabilis na pagproseso ng customs, pag-iwas sa mga pagkaantala sa proseso, koordinasyon sa pagitan ng mga ahensya, at patuloy na pagsubaybay para sa lahat ng inaangkat na petrolyo. Ang mga hakbang na ito ay agad na ipinatupad sa pagproseso ng dalawang pangunahing kargamento ng gasolina sa San Fernando, La Union, at Limay, Bataan.

Sa Daungan ng San Fernando, La Union, pinadali ng BOC ang pagdating ng 9,157,667 litro ng diesel shipment na naka-consign sa PNOG, na dumating kahapon sa SEA OIL Bangar Terminal—ang pinakamalaking oil import terminal sa Region I—at pinabilis para sa ganap na pagdiskarga ngayon. Ito ay kasunod ng naunang koordinasyon sa pagitan ng mga kinatawan ng BOC at PNOG upang matiyak ang wastong dokumentasyon, mga hakbang sa pagsunod, at ang pagpapatupad ng mga kinakailangang fuel marking procedure bago ang pagbaba. Ang kargamento ay bahagi ng Strategic Fuel Reserve program ng Department of Energy (DOE) at sumusuporta sa mga pagsisikap na patatagin ang suplay ng gasolina sa Luzon.

Samantala sa Daungan ng Limay, pinadali ng Bureau of Customs ang prayoridad na pagproseso ng kargamento ng krudo na inihatid ng M/T Sara Sky, isang barkong may bandila ng Sierra Leone na may dalang krudo na ESPO Blend mula sa Russia. Dumating ang barko noong ika-23 ng Marso 2026 at naghatid ng 100,402.776 bariles ng krudo mula sa US na naka-consign sa Petron Corporation, na ganap na ibinaba sa Petron Bataan Refinery sa ilalim ng pagsubaybay ng BOC upang matiyak ang napapanahong pagsasama sa pambansang suplay ng gasolina.

Binigyang-diin ni Commissioner Ariel F. Nepomuceno ang proaktibong papel ng Bureau, na nagsasabing "Ang pagtiyak sa napapanahong paglabas ng mga produktong petrolyo ay mahalaga upang mapanatili ang takbo ng bansa. Kaya naman tinitiyak namin na ang mga kargamento ng petrolyo ay pinoproseso nang walang pagkaantala at mahigpit na minomonitor sa lahat ng oras. Simple lang ang aming layunin—ang panatilihin matatag ang suplay at tiyaking walang pagkaantala ang makakarating sa aming mga industriya o sa aming mga komunidad."

Pinuri ng Commissioner ang mga Daungan para sa kanilang napapanahong aksyon: "Pinuri ko ang Daungan ng San Fernando, La Union, at ang Daungan ng Limay para sa kanilang mabilis at mahusay na paghawak sa mga prayoridad na kargamento ng gasolina mula sa Russia at Japan. Tiniyak ng kanilang mabilis na aksyon at koordinasyon na ang mga mahahalagang produktong petrolyo ay nailabas nang walang pagkaantala."

Pinalakas na Pagmamarka ng Panggatong at Pangangasiwa sa Maritima

Ang mga pagsisikap na ito sa pagpapadali ay sinusuportahan ng pinahusay na mga mekanismo ng pagpapatupad. Upang matiyak na ang lahat ng produktong petrolyo na pumapasok sa bansa ay tunay, bayad sa buwis, at sumusunod sa mga regulasyon, patuloy na pinapalakas ng BOC ang Fuel Marking Program nito gamit ang mga

akreditadong depot. Ang gasolina ay minarkahan at beripikahin sa antas ng depot upang kumpirmahin ang pagiging tunay at wastong deklarasyon ng buwis, at ang anumang kargamento na hindi sumusunod sa mga regulasyon ay agad na minamarkahan para sa pagsusuri—pinoprotektahan ang mga mamimili at pinangangalagaan ang kita ng gobyerno.

Karagdagan pa rito ang sistema ng pagsubaybay sa barko ng Bureau, na nagbibigay-daan sa patuloy na pagsubaybay sa mga tanker habang nasa dagat habang papalapit sila sa hurisdiksyon ng Pilipinas. Pinapayagan nito ang mga awtoridad ng customs na mapanatili ang kakayahang makita ang mga galaw ng barko at magsagawa ng mga inspeksyon pagdating, tinitiyak na ang lahat ng papasok na kargamento ng petrolyo ay maayos na naitala mula sa offshore transit hanggang sa paglabas sa daungan.

Pagbibigay-prioridad at Pagsubaybay sa Pag-angkat ng Langis

Sa pakikipagtulungan sa DOE, pinalakas ng BOC ang real-time na pangangasiwa nito sa mga kargamento ng gasolina at mga imbentaryo ng depot sa lahat ng daungan sa buong bansa upang matiyak ang tuluy-tuloy at walang harang na daloy ng mga inaangkat na petrolyo.

Petrolyo sa lahat ng daungan ay inatasan na unahin ang mga kargamento ng gasolina, mapanatili ang tumpak na pag-uulat ng imbentaryo ng mga depot sa loob ng kanilang hurisdiksyon, at tiyakin ang maayos na koordinasyon sa mga yunit. Mayroon ding mga pinahusay na mekanismo ng pag-uulat upang suportahan ang napapanahong pagsusumite ng datos na kinakailangan para sa pagsubaybay sa dami ng mga inaangkat at antas ng imbentaryo.

Ang patuloy na pagsubaybay sa dami ng inaangkat na petrolyo at imbentaryo ng mga depot sa lahat ng daungan ay sumusuporta sa matatag na koleksyon mula sa mga inaangkat na may kaugnayan sa petrolyo at mga excise duty, na sumasalamin sa pare-parehong aktibidad ng pag-angkat at mahusay na mga sistema ng pagproseso. Ang mga inaangkat na petrolyo ay bumubuo ng humigit-kumulang ₱200 bilyon taun-taon, na kumakatawan sa isang malaking bahagi ng kabuuang koleksyon ng Kawanihan at ang pangangailangan para sa mahusay at maayos na mga proseso.

Nananatiling matatag ang BOC sa mandato nito na balansehin ang pagpapadali ng kalakalan sa pagpapatupad ng mga regulasyon, tinitiyak na ang mga inaangkat na petrolyo na pumapasok sa mga daungan ay mahusay na pinoproseso, mahigpit na sinusubaybayan, at ginagawang magagamit upang matugunan ang mga pangangailangan sa enerhiya ng bansa nang walang pagkapira-piras.

GREETINGS: Special greetings and sincere gratitude to the President and CEO, Mr. Joseph "buddy" Madrigal and Chairman, Mr. Jefferson Cheng and also thanks to Special Assistant to the Chairman, Ms. Shirley Raniedo for your continued support kindness, thank you very much! God bless u more!!!

Hi katotong DR. SIEGFRED "YEYE" L MANAOIS, isang taong tunay na may malasakit at sadyang ipinamalas ang sakripisyo bilang lingkod bayan, kung saan sadyang

kapuripuri ang ipanamalas na sakripisyo sa pagpanik ng pagtaas ng koleksyon simula ng maitalaga ito sa bodega ng PAIRCARGO sa Bureau of Customs(BOC) sa Ninoy Aquino International Airport, ang walang kupas na hinahangaan ng lahat sa taglay nitong kabaitan at pakikisama, walang mataas at mababa, lahat ay pantay-pantay ang kanyang pagtingin na alalaumbagay taglay ang dakilang hangaring maitaas ang koleksyon ng Kagawaran.

Kung kayat 'sang damukal ang mga nakamit na parangal partikular sa ibat-ibang bansa tulad ng U.S. Embassy, Russian Embassy, China, at iba pa, ganyan katindi mga katoto ang tinutukoy kong tao si katotong DR. SIEGFRED "YEYE" MANAOIS SPL DEPUTY COLLECTOR PAIRCARGO ASSESSMENT COMPOSITE DIVISION BOC NAIA, kung saan nagtatrabaho ng 24/7 umulan at bumagyo, gabi na kung umuwi sa paglalang makatulong sa mga taong nais makapaglabas ng kargamento upang mkadagdag sa pagtaas ng revenue collection. Mabuhay ka katotong DR. YEYE!!! GOD bless u more katoto!!!!

Easter Smiles Shine at SM City Dasma, Trece & Tanza

Easter came alive across SM City Dasmariñas, SM City Trece Martires, and SM City Tanza with a fun-filled Character Parade that delighted families and kids alike. Colorful costumes, exciting activities, and cheerful moments filled the malls as everyone gathered to celebrate a truly egg-s-tra special day together.

Kids at SM City Dasmariñas share big smiles and even bigger Easter fun

GenTri e-Bus line goes green with no fare hike

GENERAL TRIAS CITY, Cavite (PIA) – Public transportation in General Trias is going green as the city transitions to using electric buses.

Starting April 7, the PERJODA Transport Cooperative's electric bus line will start plying routes within the city following the launch of its charging station in Barangay San Francisco.

Mayor Luis Ferrer IV said launching the electric bus line will help Public Utility Vehicle (PUV) drivers and operators, as well as the riding public, save fuel amid rising costs.

Despite going electric, the local chief executive assured commuters that there will be no fare hike.

"Napapanahon po ito lalo na sa gitna ng patuloy na pagtaas ng presyo ng krudo, kaya't malaking ginhawa

sa ating mga tsuper at mananakay ang pangako nilang walang dagdag na pasahe."

Ferrer said the electric bus line promised to provide inclusive transportation services, with bus conductors assisting passengers, including Persons With Disabilities and pregnant women.

The city's transition to electric vehicles started in November 2025, when PERJODA launched its Modernization program that promised modernized and eco-friendly electric public utility vehicles. **(PB-PIA CALABARZON, Jon-Jon Ferrer/Facebook)**

place on the said date and time, it shall be held on **MAY 8, 2026**, at the same time and place without further notice.

City of Dasmariñas, Province of Cavite, March 9, 2026.

Joint BOC, PCG, PNP-CIDG Raids a Warehouse in Valenzuela and Uncover Over P705 Million Worth of Counterfeit Perfumes and Cosmetics: The Bureau of Customs (BOC), with the Philippine Coast Guard and the Philippine National Police-CIDG, successfully conducted an enforcement operation in Valenzuela City, resulting in the discovery of approximately P705 million worth of assorted counterfeit perfumes and cosmetic products suspected to be in violation of customs laws. The operation stemmed from the intelligence report received by the Office of the Commissioner, which was validated through field verification and inter-agency coordination. The inspection of a warehouse in Valenzuela City uncovered large volumes of counterfeit cosmetic products and luxury-inspired perfumes bearing the marks of internationally known brands, including Dior, Chanel, Gucci, Versace, Prada, Yves Saint Laurent, Calvin Klein, Bulgari, Giorgio Armani, Lacoste, Ralph Lauren, Paco Rabanne, Issey Miyake, Jo Malone, Davidoff, Lanvin Éclat, and Victoria's Secret. The items were found to be imitation products designed to replicate popular global brands.
