Vol. IX: No. 42 P10 CIRCULATED NATIONWIDE May 6 - 12, 2020

Cavite to be placed under GCQ on May 16 – Gov. Remulla

The province of Cavite will be placed under general community quarantine (GCQ) beginning May 16, 2020, Governor Jonvic Remulla announced on Tuesday.

Nilahad na kahapon ng Malacañang na ang lalawigan ng Cavite ay isalalagay na sa GCQ umpisa ng May 16 (Malacañang announced yesterday that the province of Cavite will be placed under GCQ starting May 16),” he said in a Facebook post. Remulla said the resumption of economic activities in the province will be gradual.

He said limited stores in malls will be allowed to open as the nation continues to combat the coronavirus disease 2019 (COVID-19) pandemic. Free WiFi will also be turned off and air-conditioning will be minimized.

Takeout services for restaurants will also be allowed and the construction industry will be reopened, said the governor.

“Ang lalawigan ay nagpanukala ng lisensya para sa pagbenta ng alcoholic products. Isang buwan pa bago maging perpekto ang batas kaya ang liquor ban ay still in effect. Ngunit, pero hindi pangako, ay mag-uusap ang

mga mayor mamaya para sa pananalalan patakaran para dito habang hindi pa umeepekto ang batas,” Remulla also said. Under GCQ, residents are still required to wear face masks in public areas, according to the governor.

“Bawal pa rin lumabas ng bahay ang walang q-pass (quarantine pass) maliban sa mga nagtatrabaho (Those without quarantine passes are still not allowed to go outside except for those who are working),” he added. Curfew will still be imposed from 8 p.m. to 5 a.m., except for those with valid work permits. Bars are still not allowed to reopen.

Regarding transportation, Remulla advised the public to wait for further announcements from other concerned government agencies.

He added that he will have to coordinate with other authorities in the nearby Metro Manila and Laguna on measures for transportation of people and goods in and out of Cavite.

Remulla also announced that the provincial government of Cavite will conduct

targeted COVID-19 tests starting on Monday.

“Una sa schedule ay ang mga medical doctors/nurses na COVID frontliners, Sunod ang PNP (Philippine National Police). Sunod ang relief workers,” he said.

(The first to be tested according to the schedule are doctors and nurses who are COVID-19 frontliners. Next will be the PNP and relief workers.)

He said schedules for others to be tested next will be released soon. Remulla advised his constituents to wait for further actions of the government before complaining about community quarantine protocols.

“Hu wag muna magalak. Bagamat gumanda at umangat ang kakayahan natin, ang 2nd wave ng Covid ay siguradong darating.

Ipatupad pa rin ang social distancing at good hygiene practices (Don't rejoice yet. Even if our situation improved, the second wave of COVID will surely come. Let us still observe social distancing and good hygiene practices),” he said.

Carmona LGU conducts meeting regarding CCAP

The local government of Carmona held a meeting with the Sangguniang Bayan members on May 8, 2020 at the Municipal Penthouse to tackle the Carmona COVID-19 Assistance Program (CCAP). CCAP is the P2,000 financial assistance of the local government for households in Carmona who were not able to receive any cash subsidy from the national government such as the Social Amelioration Program (SAP).

Cavite to test 1,100 a day for COVID-19 after university lab gets green light

Cavite province is set to ramp up its local testing capacity after the Department of Health (DOH) approved the use of a university molecular laboratory in the province to test for coronavirus.

The DOH and the Research Institute for Tropical Medicine (RITM), the country's main testing center, issued the certification on May 8 for the De La Salle Medical Health and Sciences Institute in Dasmariñas City to perform independent testing.

It was the first subnational government-accredited laboratory in South Luzon seen to help free up RITM of the bulk of specimen samples at least those coming from Cavite.

Since the local outbreak, provinces in the Cavite,

Laguna, Batangas, Rizal, Quezon (CALABARZON) region submit specimen samples collected from its residents to RITM.

Haydee Sy, De La Salle's director for Institutional Communications, said with the laboratory's current set up—three polymerase chain reaction (PCR) and a natch CS extraction machine that automates the testing process—Cavite can now test as much as 1,100 samples in a day.

Over the past month, the De La Salle laboratory has started taking in samples from suspected or probable cases in the province although only for the purposes of acquiring the DOH certification.

“We'll just finish those (already in the laboratory) and after that, we can start with the targeted mass testing,” Sy said in a phone interview, Sunday.

Cavite governor Juanito

Victor Remulla said the order for the mass testing would start with the healthcare workers and medical frontliners.

After which, Sy said they would test people involved in relief missions, the personnel manning border checkpoints, and then the factory workers and market vendors as well as people in their households.

The DOH said that as of May 9, 1,071 people in CALABARZON have contracted the disease, of which 121 died and 304 recovered.

In Cavite alone, 218 people were infected with the virus, out of which 25 had died. Local health officials, however, doubted the real score of the virus infection given the lack of massive testing on the ground, with many suspected or probable cases dying without getting tested at all.

Carmona Mayor Roy Loyola holds meeting with private school administrators

Municipal Mayor Roy Loyola conducted a meeting with private school administrators in Carmona on May 8, 2020 to discuss the updates, programs, and COVID-19 mitigation efforts of the local government.

Remember, you may choose your sin, but you cannot choose the consequences.

SM FOUNDATION DISTRIBUTES PPE's AND MEDICAL SUPPLIES TO CAVITE AND RIZAL HOSPITALS

In line with its commitment to be of service to the Filipino public, its hospitals, and its government during the coronavirus pandemic, SM Foundation recently donated Personal Protective Equipment and medical supplies to hospitals in Cavite and Rizal. These include PPEs, N95 and surgical masks, gloves, raincoats, goggles, as well as alcohol and hygiene kits, which are part of the P170 million SM has allocated for this purpose. Among the hospitals that received the donations is Southern Tagalog Regional Hospital in Bacoor, Cavite which was formerly upgraded into a General Hospital, recognizing the health needs and aspiring to make health services readily available and accessible 24/7 to the residents of the whole province.

Southern Tagalog Regional Hospital Receiving the donations from SM Foundation

The grateful Doctors and Front liners of Amang Rodriguez Medical Center – Marikina upon receiving the PPEs and Medical Supplies donation from SM Foundation

Other hospitals who were also recipient of the said donations in Cavite are General Emilio Aguinaldo Memorial Hospital, Binakayan Hospital and Medical Center, San Pedro Calungsod Medical Center-Kawit, and De La Salle-Dasma Hospital, while three hospitals in Rizal including Manila East Medical Center-Taytay, Marikina Valley Medical Center and Amang Rodriguez Medical Center – Marikina received the same

donations as well. Other initiatives of the SM Group in response to the crisis are the waived rentals of all tenants of SM Supermalls nationwide, continued compensation of employees, and the extension of an Emergency Financial

Assistance to its front liners, security guards and janitorial staff during the Enhanced Community Quarantine period.

SM Builds Seven Emergency Quarantine Facilities in Metro Manila

SM, through SM Foundation, Inc. (SMFI), recently constructed seven (7) insulated emergency quarantine facilities (EQFs) in Pasay and Quezon City to house and treat patients affected by the Coronavirus Disease 2019 (COVID-19).

platform for volunteerism for SM employees, especially those from SM EDD. Through the EQF project, SM EDD employees were able to volunteer their time and expertise in constructing the insulated EQFs, an initiative that has received encouragement and strong support from the President of SM EDD, Hans 'Chico' Sy Jr.

PHP170 million worth of personal protective equipment, testing kits, and intensive care unit (ICU-grade) ventilators to over 100 hospitals and medical institutions.

Built by the SM Engineering Design and Development (SM EDD) team, and WTA Architecture and Design Studio, these include four facilities in Camp Crame and two facilities at the AFP Health Service Command – V. Luna in Quezon City; as well as one at the Air Force General Hospital – Villamor Air Base in Pasay City.

SMFI's Leadership Team expressed gratitude to SM EDD volunteers for carrying out its purpose and commitment to provide EQFs to its partners in the uniformed service.

The interior of one of the Camp Crame facilities, which like the rest features beds, airconditioning units, ceiling fans, exhaust fans, restrooms, shower areas, and nurse lounges.

Completed within a span of six to ten days, these feature a total of 156 beds, air conditioning units, ceiling fans, exhaust fans, restrooms, shower areas, and nurse lounges.

"We have courageous employee volunteers from SM EDD, sharing their expertise and time amidst COVID-19. We're proud to support their contribution during this time of incredible need," the team added.

The EQFs are set to accommodate COVID-19 patients who are asymptomatic or with mild symptoms. In the Camp Crame EQFs, each bed has a built-in call system and patients will have an access to Wi-Fi connectivity. PNP chief Gen. Archie Gamboa thanked SM Engineering Design and Development President Hans 'Chico' Sy Jr. and WTA Architecture and Designs for their contributions to the facility.

SM Foundation also thanked its partners, the Air Force General Hospital, AFP Health Service Command and the WTA Architecture and Design Studio, as "saving lives is critical during this pandemic."

Apart from contributing to the ongoing fight against the COVID-19 pandemic, this social initiative also served as a

The building of insulated EQFs is one of SM's initiatives in line with its commitment to be of service to the Filipino public, its hospitals, and government during the coronavirus pandemic.

Earlier, SM, through SM Foundation donated over

SM EDD and WTA Architecture and Design Studio built four facilities in Camp Crame in Quezon City.

THANK YOU SM! SM Foundation together with SM City Dasmariñas, SM Marketmall, SM City Trece Martires and SM City Rosario turn-over kalinga packs to some barangay in Dasmariñas, Trece Martires and Rosario Cavite amid COVID-19 crisis.

#KAPITNANAY WITH MARIAN AND WALTERMART

This Mom's Month, Marian Rivera-Dantes shares the story of the amazing moms who have molded her to become the person that she is today, and how she, as a mom, faces the challenges of our present situation with WalterMart.

Marian feels fortunate that she has two moms. She grew up with her lola, whom she fondly calls nanay, after her parents separated when she was two. It was her nanay, whom she considers the heart of the home (puso ng tahanan), who taught Marian that you can surpass anything if you have determination in life, faith in God, and believe in yourself and in the people, that surround you and love you – values that have contributed to her success. And then, there is her mom, who she became close to when she returned, and now considers more of a best friend.

As a mom in our current situation, Marian's priority is her kids. She comes up with activities for her 4-year-old daughter Zia to keep her busy - home-studying, doing fun art and craft activities and baking.

Marian is also hands-on in planning and preparing food for her family. "Iyon ang pinakamahalaga na maihain ko sa kanila kung ano ang dapat at ligtas para sa kanila." She makes sure to get fresh ingredients and to complete her grocery list from WalterMart. And now because of the ECQ, WalterMart Supermarket delivery service is a big help for her.

Acknowledging, however, that she can't do everything herself, she believes that teamwork is important in families with

husband Dingdong, daughter Zia, and of course, herself –taking on different tasks.

This Mother's Day, Marian thanks all moms for taking care of and loving their families. While she feels sad about the current situation, she feels it is important that "we stay strong together, stay in touch, and inspire each other."

"Kung may kapitbahay na nagtutulungan sa oras ng kagipitan, tayo namang mga mommy ay magkakapit-nanay," she suggests.

This Mother's Month, Marian gives a special salute to our "kapit-nanay frontliners - doctors, nurses, police at military. Mga government workers, food and grocery workers, OFWs, at lahat ng essential workers." She believes that together, "kaya natin ito dahil magtutulungan tayo. Mabuhay ang mga #KapitNanay.

Like Marian, you can enjoy WalterMart's hassle-free grocery shopping experience through WalterMart Delivery service. Just visit www.waltermartdelivery.com.ph for all your grocery needs.

And those who wish to visit the supermarket need not worry as WalterMart implements its 4S program – Screening, Sanitation, Social Distancing and Service - across all WalterMart Community Malls. This is to ensure the well-being and safety of the families and communities it serves amid the coronavirus pandemic.

Marian and Zia enjoy baking together. (Photo from Marian Rivera)

Vol. IX: No. 42 P10 CIRCULATED NATIONWIDE May 6 - 12, 2020

Donors continue the spirit of #BayanihanMunaLagi this COVID-19 season: On May 9, 2020, donors from the public and private sectors continue to help Carmona rontliners through various donations.

BAYAN NG CARMONA CAVITE

CARMONA COVID-19 ASSISTANCE PROGRAM (CCAP)

Ang **Carmona COVID-19 Assistance Program (CCAP)** ay ang pagbibigay ng ayuda sa mga mahihirap na pamilyang naninirahan sa Carmona na hindi napabilang sa Social Amelioration Program (SAP) ng National Government. Ito ay nagkakahalaga ng **Dalawang Libong Piso (Php 2, 000.00)** na makakatulong sa pang-araw-araw na pangangailangan tulad ng pagkain at gamot habang nasa ilalim ng Enhanced Community Quarantine (ECQ).

Carmona LGU launches Carmona COVID-19 Assistance Program (CCAP): The local government of Carmona announces the launch of the Carmona COVID-19 Assistance Program (CCAP) on May 9, 2020. CCAP is the P2,000 financial assistance of the local government for households in Carmona who were not able to receive any cash subsidy from the national government such as the Social Amelioration Program (SAP). The announcement posted on the local government's social media sites contain the qualifications and process on how to apply for CCAP.

Amid Corona Virus threat, SM City Rosario continuously give SM Bonus bottled water and snacks to frontliners at checkpoints nearby. This simple act of kindness brought a huge smile behind the frontliners' mask, who never give up to serving and protecting the people.
