Liquor ban in Cavite lifted beginning June 1. Karaoke? Still a 'No'

The province-wide prohibition of alcoholic drinks in Cavite will be lifted beginning June 1, Governor Jonvic Remulla announced on Friday. "Effective June 1, the liquor ban is officially lifted," Remulla said in a Facebook post.

Remulla said only quarantine pass holders can buy liquor from stores. Selling of the product is allowed only from 1 p.m. to 4 p.m. daily.

However, liquor consumption in public remains prohibited.

"Bawal ang inuman sa labas ng bahayan o plain sight ng persons of authority. Huwag na naman sabihin na 'Bahay ko, pwede ko gawin ang gusto ko.' Pag sa loob ng bahay ay wala kaming pakialam. Huwag lamang in public view," said Remulla.

(Drinking session is not allowed outside the house or in plain sight of persons of authority. Don't tell us you can do whatever you want in your houses. We don't care if you drink inside your homes. Just don't do it in public view.)

At the same time, karaoke in public and mass gatherings are still not allowed in the province, where general community quarantine (GCQ) has been enforced since May 16.

Curfew hours will remain in effect from 8 p.m. to 5 a.m, according to Remulla.

Local health board conducts online meeting

Members of the Carmona Local Health Board headed by Mayor Roy Loyola held an online meeting alongside Department of Health (DOH) representative Emmanuel Hermoso on May 29, 2020. The latter discussed the 10-point Strategy to stop COVID-19 and Interim Guidelines on Return to Work of DOH.

IG-DepCom. Ramiro and CIIS-IO3 Enciso Seized P50M Worth of Overpriced Medical Supplies!

ALMOST P50 million worth of Medical Supplies and Equipments were seized on May 28, 2020 by the authorities of the Bureau of Customs [BOC] under the stewardship of Customs Commissioner Rey Leonardo B. Guerrero and IG-Deputy Commissioner Raniel Ramiro in a warehouse owned by Omnibus Biomedical System, Inc., which was recently tagged in a Senate inquiry for selling overpriced automatic extraction machines to the government.

The bureau said the company has been under investigation for alleged smuggling

CIIS-IO3 ALVIN Y. ENCISO NAIIBA!

RATSADOR
fidel p. orate

SIMULA ng halos naka-lockdown Secretary Carlos G. Dominguez III ang Bureau of Customs [BOC] under the stewardship of Customs Commissioner Rey Leonardo B. Guerrero, particular ang Manila International Container Port [MICP] eh talaga naman tuloy-tuloy pa rin ang operation ni MICP-Customs Intelligence and Investigation Service [CIIS[Chief IO3 Alvin Y. Enciso upang imonitor at siguraduhin ang mga illegal na kargamento ay hindi makalabas sa pantalan.

Last March 31, 2020 nakasakote sila ng P15-Million halaga ng Smuggled Personal Protective Equipments [PPE] sa isang bodega sa Sta Cruz, Manila. Take note po Sec. Sonny Dominguez nakalabas na ang kargamento sa pantalan....Ganoon po kabilis ang sindikato sa pantalan na may kaalyado 'korap' officials at tauhan ng Customs.....di po ba Com. Jagger Guerrero?..

Sa madaling sabi po Sec. Sonny Dominguez, Com. Jagger Guerrero, IG-DepCom. Ramiro at Dir.Tacio nailabas ang kargamento sa BOC ng wala kayang kaukulang dokumento?.

Ok, aney way, mabuti na lamang at naagapan ni MICP-CIIS Chief Alvin Enciso natimbog nila ang kargada na nasa loob na ng kanilang bodega. Napasok nila ang pinag-iimbakan ng di'umano'y smuggled PPE sa bisa ng Letter of Authority [LOA] na pirmado ni Com. Jagger Guerrero.

Ang pagkakatimbog ng kargamento ay base na rin sa impormasyon natanggap ng tanggapan ni IG-DepCom. Raniel Ramiro.. Sabi nga, trabaho lang si Chief Enciso, dahil tumutupad lang s'ya sa kanyang sinumpaang tungkulin, as intelligence officer.

Sa ganang akin, Hindi nagkamali si Com. Jagger Guerrero at Depcom. Raniel Ramiro at Dir. Jeoffrey Tacio na pamunuan ni IO3 ALVIN Y. ENCISO ang CIIS-MICP na isang billionaires port...Hehehe, libong kargamento ang dumarating sa pantalan ng MICP, Eh kong kalahati nito ay mailabas sa pantalan ng walang pinagbayaran....hekhekhek malaking kadatungan ito sa mga 'korap' Customs Officer na kasabwat ng sindikato sa pantalan... CONGRATULATIONS!......

IG-DepCom. Ramiro, IO3 Enciso & NBI Seizes P40-M worth of Chinese Medicines!

ALMOST P40 million worth of Chinese medicines alleged to be a cure against the Corona-virus 2019 (COVID-19) not cleared with the Food and Drug Administration (FDA), Personal Protective Equipment (PPE) and medical supplies were seized by joint operatives from the Bureau of Customs (BOC) under the stewardship of Customs Commissioner Rey Leonardo B. Guerrero with the Intelligence Group [IG] Deputy Commissioner Raniel Ramiro and the National Bureau of Investigation (NBI) in a warehouse in Manila on May 01, 2020.

At around 10:45 am May 01, 2020, operatives from the BOC's Intelligence Group-Customs Intelligence Investigation Service (IG-CIIS) Team Leader IO3 Alvin Y. Enciso, Enforcement and Security Service (ESS), NBI-Special Action Unit (SAU) backed up by personnel of the Philippine Coast Guard (PCG) raided the warehouse located in Singalong, Malate, Manila City.

The combined operatives served a Letter of Authority (LOA) received by a Chinese national representative of the warehouse. Among those found were boxes containing PPE, surgical masks, medicines and other medical supplies.

The BOC -IG DepCom. Ramiro said "There will be no let up in our anti-smuggling campaign despite the threat of COVID-19 in the country. Our men will continue to be diligent in fulfilling the mission and get the job done." The BOC further assures the public that it will continue to be at the forefront of the government's campaign against unscrupulous businessmen taking advantage of the high demand for PPE and medical supplies and the increasing number of people in search for medicines that could cure patients infected by COVID 19.

The warehouse representative was invited to appear before the NBI to explain the presence of the unauthorised Chinese medicines, PPE and medical supplies inside the warehouse. The authorities would also determine if these items were smuggled into the country, and if these are illegally being sold to the public.

The Customs examiners are currently conducting an inventory of the goods deposited inside the warehouse. Representatives from the IG-CIIS IO3 Enciso, BOC Enforcement and Security Service (ESS), PCG and NBI are also at the warehouse to witness the inventory.

BOC-IG Monitors Illegal Traders of PPEs and Medical Supplies!

THE country battles the deadly Novel Corona-virus (COVID-19), the Bureau of Customs (BOC)-Intelligence Group (IG) Deputy Commissioner Raniel Ramiro continue to be at the forefront in ensuring that unscrupulous businessmen would not take advantage of the situation by selling overpriced personal protective equipment (PPE) and medical supplies. Further, there is an ongoing case build-up by BOC-IG Team Leader IO3 Alvin Y. Enciso, National Bureau of Investigation (NBI) and Department of Trade and Industry (DTI) to pin down personalities illegally selling medicines which can allegedly cure COVID- 19 infection.

In its operations, the BOC-IG team leader Alvin Enciso has been continuously coordinating with concerned agencies such as the Philippine Coast Guard (PCG), DTI and NBI in investigating traders selling medicines claiming to cure COVID 19, yet without Food and Drug Administration (FDA) permit. BOC-IG reported that they have been closely monitoring situation at the various ports and validating reports of smuggled PPEs and medical supplies that are of great demand at this time of pandemic.

In coordination with counterparts from the NBI, DTI and PCG, the BOC has been keeping its ears close to the ground and validating with reliable sources for possible leads on illegal selling of essential health supplies and medicines. In a span of 1 week , from March 25 to March 31, the BOC-IG raided three medical supply stores in Manila and confiscated an estimated Php 20 million worth of PPE and medical supplies such as facemasks, gloves, goggles, and other medical items including alcohols, thermal scanners, test tubes, and syringes. Currently there is already an ongoing forfeiture proceeding against the three establishments before the BOC's Law Division, with the owners facing possible criminal charges before the courts.

BOC NAIA condemns 2 tons of unsafe medicines and meat products!

THE Bureau of Customs [BOC-NAIA] condemned 2 tons of seized medicines and meat products at Trece Martires, Cavite on May 22, 2020.

Some of the shipments that were condemned are unregistered medicines with an estimated weight of 350 kilos. These medicines were seized for failure to obtain necessary clearance from the Food and Drug Administration (FDA) and thus unsafe for human consumption.

The condemnation of the unregistered medicines is part of Bureau of Customs border protection initiatives to protect the public against unsafe medicines.

Along with the medicines are expired food stuff and meat products with no health clearance.

The said unsafe goods were condemned using the Themal Decomposer (Pyrolysis) Facility of the Integrated Waste Management Inc. located in Trece Martires City.

The thermal decomposer will ensure the safety and no single waste item will find its way to the market.

The condemnation was coordinated with Food and Drug Administration (FDA), Department of Agriculture (DA), Bureau of Animal Industry (BAI), Bureau of Fisheries and Aquatic Resources (BFAR), and Commission on Audit (CoA).

This is in compliance with Commissioner Rey Leonardo Guerrero's directives to continue to protect the country against entry of illegal goods and importations that are not compliant to Customs regulations.

The BOC assures the public that it willl continue to provide government service 24/7 to protect the country's border.

POM Seizes P34.7-M worth of Misdeclared Cigarettes!

THE Bureau of Customs–Port of Manila (BOC-POM) seized on May 8, 2020 Php 34.7 million worth of Two Moon brand cigarettes misdeclared as furnitures and blinds contained in two (2) containers. The containers were alerted after POM received a derogatory information from the BOC-Enforcement Group (EG).

The shipments from China arrived last April 27 and May 1, 2020 and were consigned to Vierport International Co. and Anikas Will Industry Corp. which were put on hold a day after arrival dates and were examined on Friday, May 8, 2020. The BOC-POM conducted 100% physical examination of the containers together with the Philippine Drug Enforcement Agency (PDEA).

District Collector Arsenia Ilagan ordered the issuance of Warrants of Seizure and Detention against the subject shipment for violation of Section 1400 "Misdeclaration, Misclassification and Undervaluation in Goods Declaration" in relation to Section 1113 "Property Subject Seizure and Forfeiture" of the Customs Modernization and Tariff Act [CMTA]. The BOC-Port of Manila will continue to be vigilant against customs fraud and fulfil its mandate to strengthen border security.

BOC Commended by Misamis Oriental Rep. Uy for Ongoing Efforts in Re-Exporting Verde Soko Waste Despite ECQ!

THE Misamis Oriental 2nd District Representative Juliette T. Uy recently lauded the Bureau of Customs [BOC] under the stewardship of Customs Commissioner Rey Leonardo B. Guerrero for the continuous processing of the remaining 2,500 MT of Verde Soko waste to be re-exported to South Korea despite delays brought about by the COVID-19 pandemic.

Congresswoman Uy, as the Principal Author of the House Bill 3461 or the Total Ban on Import and Export of Wastes Act, issued a letter of gratitude thanking Customs Commissioner Rey Leonardo B. Guerrero and the Department of Finance Secretary Carlos Dominguez III for commitment in re-exporting the wastes.

The re-exportation of the remaining 2,500 MT of wastes is currently being delayed by restrictions due to the on-going health crisis and the difficulties of re-bagging the said wastes already exposed to natural elements. The Commissioner however, assured that the Bureau, through the Collection District of Cagayan de Oro [CDO] Concurrent headed by District Collector John Simon, will undertake all the necessary means in accordance with the law to expedite the re-exportation of the wastes to South Korea.

The Solon ended her letter by vowing to continue working with the BOC in bringing the Verde Soko case to its proper conclusion through the prosecution of all persons and organizations involved in the matter.

Marks 7.7 Billion Litters of Fuel Since Start of Fuel Marking Program!

The Bureau of Customs [BOC] under the stewardship of Customs Commissioner Rey Leonardo B. Guerrero marked 135,441,776 litters of fuel during the period of quarantine restrictions, which manifests its unrelenting effort in implementing the fuel marking program and collecting the proper revenue that is essentially needed to support various assistance programs by the Government in this time of crisis. Participated in by 20 petroleum companies, the Bureau of Customs and Bureau of Internal Revenue marked 7,705,434,076 litters of fuel nationwide from September 2019 up to May 21, 2020. Of the total volume of marked fuel, Luzon accounted for 76% while Mindanao accounted for 20% and Visayas for 4%.

Spearheaded by the Department of Finance, Bureau of Customs and Bureau of Internal Revenue, the Fuel Marking Program was officially launched on August 2019 with the intention of putting a halt to illegal importation, manufacturing and other fraudulent activities relating to the use and sale of petroleum products in the country.

With the Program, marking of refined, manufactured, and imported gasoline, diesel and kerosene including those withdrawn from freeport zones to be used in the domestic market has become mandatory.

Zambo Coll. Barte Seizes Smuggled Cigarettes and Cigarette-Making Machines!

The Zamboanga Peninsula Inter-Agency Anti-Smuggling team continues to score big against fake cigarette smugglers and manufacturers in the region. A sequel to the previous raids in the region yielded another P14 million worth of fake and imported cigarettes and P100 million worth of materials for manufacturing of cigarettes. The previous raids on similar items resulted in the confiscation of cigarettes and machines for the manufacture of fake cigarettes.

The Zamboanga Peninsula inter-agency team is composed of the Bureau of Customs, NBI IX, PNP Regional Office IX, Westmincom, PCG and BIR. The Port of Zamboanga Acting District Collector Sigmundfreud Z Barte Jr commended the inter agency anti-smuggling team for a job well done.

He also echoed the constant reminder and the strict order of Commissioner Rey Leonardo B Guerrero to help protect the border and intensify anti- smuggling operations in order to collect more rightful duties and taxes due to the government. Coll. Barte stressed the need for an inter-agency approach in order to fight smuggling in the region. The success of the anti-smuggling operations is also attributed to the help of the AFP and PCG in patrolling the seas and manning the check points.

ESS intercepts fake cigarettes, raw tobacco materials, cigarette-machines worth P1.3 billion!

THE operatives of the Bureau of Customs [BOC]-Enforcement and Security Service {ESS) intercepted on May 28, 2020 various assorted fake cigarettes, raw tobacco materials and cigarette packing machines with an estimated value of P1.3 billion. Armed with Letter of Authority issued by the BOC, ESS agents inspected on May 28, 2020 a warehouse said to contain fake cigarettes at Brgy. Palattao, Naguilian, Isabela.

The intial inventory showed that there are roughly 2,000 master cases of assorted cigarettes; 10 units of cigarette-making machines, 12 units of cigarette packing machines and 300 boxes of tobacco raw materials stored inside the subject warehouse. The said goods were immediately intercepted by Customs for lack of permit and violation of Customs laws, rules and regulations. The operation was coordinated with the officials of the Barangay Palattao, the Philippine National Police (PNP) Isabela Police Provincial Office, and the Bureau of Internal Revenue (BIR) who were also present during the inspection. P10.1 Million Worth of Smuggled Cigarettes Seized in Zamboanga City!

A joint team led by the BOC- Port of Zamboanga District Collector Segundo Sigmundfreud Z. Barte JR, together with elements of Zamboanga City Police Station 8 and Joint Task Force Zamboanga intercepted 300 cases of assorted cigarettes bearing the brands Gundang Baru, Cannon White, Famous, Canyon, Berlin and Fort cigarettes at Istanbak, Brgy. Lower Calarian, Zamboanga City on May 26, 2020.

Accordingly, the smuggled cigarettes with an estimated value of P10,125,000.00 most likely came from Malaysia or Indonesia and will be distributed in ZAMBASULTA area. The operation stemmed from the information received that certain individuals are engaged in cigarette smuggling at Lower Calarian near the Petron Depot. The intensified anti-smuggling efforts in ports nationwide is part of the marching order of Customs Commissioner Rey Leonardo B. Guerrero. The seized cigarettes were turned-over to BOC-Zamboanga for issuance of Warrant of Seizure and Detention for violation of Executive Order No. 245 titled Amended Rules and Regulations Governing the Exportation and Importation of Leaf Tobacco and Tobacco Products and Section 117 of RA 10863 otherwise known as Customs Modernization and Tariff Act [CMTA].

PANUNTUNAN NG LTO, STA. MARIA, LABAN SA VIRUS, INAYOS

KATROPA N'YO

Vic Billones III

G Abel Beltran, Hepe ng Land Transportation Office (LTO,) Sta. Maria, Bulacan, ay nagbabala sa madla na kailangan ang mahigpit na pagiingat laban sa nakamamatay na COVID-19. "kailangan lagi tayong alerto upang makaiwan sa COVID-19. Panatalihin ang 'social distancing,' paghuhugas at paglilinis ng kamay at ang lagiang pagsu-suot ng 'safety mask," sabi ni Beltran ng siya ating makahuntahan sa kanyang tangapan, kamakailan.

Ayon sa kanya, pinaayos na niya ang lababo, at tapakan na may pandisimpekta sa kanilang tangapan upang magamit ito ng mga tao o kliyente na nagpaparehistro ng kani-kanilang mga sasakyan. Gayundin sa opisyal na araw ng pagtanggap ng mga kliyente ay magbibigay sila ng 'Client's information sheet' sa mga ito, upang masagot ng mga kinauukulan ang personal, medical at exposure history information.'

Ayon sa Memorandum nila na ipinagkaloob sa Katropa, kailangan ang pagamit ng 'thermal scanners,' ang lagiang pagsuot ng 'protective face mask,' ang 'observance' ng 'social distancing' at 'wearing of sanitary gloves.'

Tsk! Tsk! Tsk! Medyo mahaba ang nilalaman ng nasabing tala, kaya kapag kayo po ay may kailangan sa LTO, ay sumunod po lamang kanilang mga panuntunan. Sabi pa ni Beltran noong kami ay nagkausap, ang kanyang tanggapan at laging bukas. Mabuhay ka Chief Beltran!

BALITANG LSJDM AT BAYANG PANDI, BULACAN

Nais natin pasalamatan si Mayor Rico Roque ng bayang Pandi, Bulacan, sa patuloy na ayuda nito sa kanyang mamamayan. Narito ang kanyang mensahe sa Katropa ng siya ay aking kumustahin: "Kuya Good Morning. Okey naman po, medyo busy pa din 'last day' natin 'today' para sa '8th wave' ng 'foodpacks distribution' natin. Medyo naghihigpit pa din tayo Kuya, diretso pa din po ang mga 'lockdowns' para mapanatili nating 'covid free' ang Pandi."

At sa Lungsod ng San Jose Del Monte (LSJDM,) Bulacan, naman ay napagalaman natin na sila ay may nais na ipabatid sa kanilang nasasakupan, narito: PABATID

Alinsunod sa Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF-EID) Resolution No. 38, Series of 2020, nakasaad sa Omnibus Guidelines on the Implementation of Community Quarantine in the Philippines, Section 2 (13):

Law enforcement agencies shall recognize any of the following IDs: IATF IDs issued by the regulatory agencies with jurisdiction over permitted establishments or persons, bona fide IDs issued by establishments exempted from the strict home quarantine requirement, RapidPass Ids.

No other IDs or passes specifically exempting persons from community quarantine shall be required of workers of permitted establishments and/or offices without prejudice to requiring the presentation of other documents establishing the nature of their work.

Nangangahulugan, na HINDI na po kailangan pang kumuha ng TRAVEL PASS mula sa Pamahalaang Lungsod ng San Jose del Monte ang mga empleyado o manggagawa na magbabalik-trabaho sa labas ng ating lungsod.

Ipakita lamang sa mga nakatalagang awtoridad ang inyong lehitimong ID at iba pang dokumento na magpapatunay na ikaw ay kawani ng kumpanya o establisyemento na pinahihintulutan na ang operasyon base sa IATF-EID at DTI.

Tsk! Tsk! Tsk! Narito pa ang kaganapan sa LSJDM, ang 'distribution of Emergency food package' ay patuloy ang maaayos na pamamahagi ng Lokal na Pamahalaan sa bawat Pamilyang San Joseño, na apektado ng Modified Enhanced Community Quarantine (MECQ) laban sa COVID-19. Mabuhay ang mga San Josenios at sila Mayor Arthur Robes, Congw Rida at Admin Dennis Booth. Hanggang sa muli.

SINUSUBUKAN ANG KATALINUHAN NG TAO

Tila sinusubukan ng panahon ang katalinuhan ng Sangkatauhan, at paniniwalang may himala upang mapuksa ng agaran ang naidudulot ng salot na Corona virus (COVID-19,) sa buhay ng tao. Ang COVID-19 ay malawak na ang nasasakop na lugar, kung saan marami na ang namamatay na tao. Marami na ang naulila, at hanggang sa kasalukuyan ay patuloy pa rin ang pananalasa nito. Malaki ang epekto nito sa kabuhayan, mga mangagawa ay nawalan ng kita, mga negosyo'y nagsarado.

Maging ang pangulo ng bansa na si Pangulong Rodrigo Duterte ay sumasakit na din ang ulo sa pagiisip, kung saan pa kukuha ng salaping maitutulong sa kanyang mga mamamayan. Sa kanyang mga mensahe ay nababanggit niya na posibleng ibenta niya ang ilang pagaari ng Gobyerno upang punan ang kakulangang pinansiyal para maayudahan lamang ang lahat ng mga Pilipino, laban sa mapaminsalang Corona virus. Tsk! Tsk! Tsk! Matindi talaga ang Corona virus, hanggang ngayon ay wala pang gamot laban dito. Bakit hindi natin suriin o alamin kung paanong mga paraan ang mga ginawa ng mga mangagamot at mga pasyenteng positibo sa COVID-19, at sila ay naging negatibo?

Mayroon ba silang iniinom na mga gamot? May ehersisyo ba silang ginagawa? Anu-ano ang kanilang mga kinakain? Lagi ba silang nagpapahinga? Ano ang mga bawal at hindi para sa kanila? Ang mga pasyente na naging negatibo o ligtas na sa nasabing 'virus' ay maaaring hingan ng opinyon at sagot sa mga tanong kontra sa nasabing 'virus.' Hindi na kailangan magbenta ng mga ari-arian ang Gobyerno, huwag magpasubok sa panahon. Bakit hindi muna subukan ang katalinuhan sa payak na pamamaraan.

Sa LTO, Sta. Maria, Bulacan. Makikita sa larawan (l-r) Danny Gravador, LTO Chief Abel Beltran at Vic Billones lll.

Gulayan sa Pamayanan

Magandang balita para sa lahat, nailunsad na sa Lungsod ng San Jose Del Monte (LSJDM,) Bulacan, ang programang Gulayan sa Pamayanan, na isinagawa sa Melody Plains, Barangay Muzon, kamakailan. Ang nasabing programa ay may layuning magkaroon ng ganap na seguridad sa pagkain ang mga San Josenios.

Sa pagpapakita ng halimbawa sa madla ay hinikayat ng Administrasyong Robes na makiisa ang lahat ng tahanan sa Lungsod na magtanim sa kani-kanilang bakuran, at maibalik ang sigla ng agrikultura sa kanilang nasasakupan. Ang nasabing programa ay pinangunahan nila Mayor Arthur Robes, Congresswoman Rida Robes, City Agriculture Office at mga HOA Officials ng Barangay Muzon, LSJDM.

Tsk! Tsk! Tsk! Kailangan talaga na bigyan pansin ang agrikultura sa bansa. Kahit sa paso o gilid gilid ng bakuran na may lupa at pwedeng magtanim ng kamatis, kalamansi at iba pang gulay na makakain. Dito nga sa likod bahay ko, may nakita akong pausbong na tila halaman na may mga tangkay. Inilipat ko sa isang medyo maluwang na lupa at lagian kong dinidiligan, ngayon may mga bunga na, apat na malalaking bunga ng langka. Puno pala ng langka 'yun! Hehehehe. Malapit ko na pitasin. Maganda iyang Gulayan sa Pamayanan. Hanggang sa muli!

'Wag muna tayo magsaya, hindi pa tapos ang laban sa COVID-19!

OPINYON LANG!

Rey Endaya Domingo

Basahin at intindihin mabuti. Mahalagang malaman natin ang katotohanan sa New Normal na pamumuhay natin ngayon. Kasi akala ng marami, ang Lockdown at community quarantines ay ginagawa para BACK TO NORMAL na sa katapusan ng buwan ng Mayo. Paalala lang, ha? Ipinapatupad lamang ito upang mapabagal ang pagkalat ng COVID-19 virus.

Hindi ibig sabihin, mawawala na ang deadly virus na ito sa katapusan ng naturang buwan;

Nakalimutan ng marami ang punto at ang akala ay ginawa ito ng ating pamahalaan dahil babalik na tayo sa normal.

Masasabing ang mga taong ito ay ignorante o salat sa kalaaman para sa totoong nagaganap sa buong mundo mula pa noong Enero. Kaya itama natin ng kaunti ang kaisipan at mga paniniwala na ito:

Ang ibig sabihin ng "flattening the curve" ay pabagalin lamang ang pagkakasakit ng mga tao at paghahawahan para ang ating mga ospital ay kayang makatanggap pa ng mga magkakasakit, marami nang health workers ang namatay at nagkasakit. Marami sa mga ospital ay halos umaapaw na ng mga maysakit. Kaya malinaw na hindi ito nangangahulugang nawawala na ang virus.

Sa totoo lang, walang sinumang gobyerno ang makakapagpawala sa virus sa taong ito ng 2020. Mananatili ang virus hanggat wala pang bakuna o vaccine na aprubado ng World Health Organization o WHO at kung sa Pilipinas ay Department of Health o DOH lamang ang maaaring magsabing may tamang bakuna na para dito.

Ang bakuna ay malayo pa ang lalakbayin at matatagalan para magawa. Sa tantya ng WHO ay April 2021 pa dahil isinagawa lamang ang vaccine trials nito lang Marso. Inaabot ito ng 18 hanggang 24 na buwan ang pagtitest o mga trials at maging ang pag eeksamin ng tagumpay o effectivity ng isang bakuna. Kaya napakasuwerte na natin kung matatapos ang paggawa nito sa loob ng isang taon.

Wala na ang tinatawag na pagbalik sa OLD NORMAL o ang nakagawian nang buhay ng marami. Ang dating normal ay hindi na magaganap hanggang walang bakunang panlaban sa nakamamatay na virus. Ihanda ang sarili sa posibleng magbagsakan ang ekonomiya sa buong mundo at tiyak mayroong paulit-ulit na lockdown na magaganap sapagkat wala pang naiimbentong bakuna na angkop sa nasabing virus.

At miski buksan na ang turismo, industriya at iba pang mga mahahalagang pang-ekonomiyang mga establisyemento, lubhang mahihirapan itong makabawi sa loob ng isang taon. Kaya hanggat walang bakuna o vaccine kontra sa COVID-19 virus, nararapat na ang mga tao ay mag self-isolate kahit pa mag MECQ o GCQ. Nais ng lahat na abutin ang NEW NORMAL. Malabo!

Ang tanging hangad natin ay mailigtas ang libu-libong mga tao at makaiwas na mahawahan at harinawa'y higit na marami ang makarekober at minimal na little ang mamatay bagay na kailangan natin ang mataas na pagpapahalaga sa kaligtasan at proteksyon sa pamamagitan ng pagsisikap na sumunod sa lahat ng mga patakaran ng pamahalaan at mga tagubilin nito. Ito lamang ang tanging teorya na makakapagligtas sa atin para tiyaking mas maraming buhay bago pa makakuha ng bakunang pamuksa sa virus.

Ang mga nabanggit sa taas ay 6 na buwan pa at inaasahang mas tataas ang bilang ng ating mga maysakit o peak nito sa buwan ng Setyembre o Oktubre ng taong 2020. Ang mga desisyon ng Gobyerno patungkol sa ECQ at MECQ at mga lockdowns ay hindi basta lamang nilang naisip. Ito ay base sa siyentipikong pag-aaral ng ating mga scientists, mga doktor at mga eksperto. Sila ang mas nakakaalam sa sitwasyon kaya mas paglaananan muna natin ang pagsuporta at pagtiwala sa mga EKSPERTO.

Ginagawa ng ating pamahalaan ang lahat para tayo ay mailigtas. Sa katunayan, mas proactive at preventive kung tayo ay nakikiisa at sumusunod, imbes na manira at komontra sa mga mandato ng mga scientists at sila ang mas eksperto. Palipasin ninyo muna ang krisis. Pagkalipas ng krisis kahit minu-minutong siraan at sabihan sa social media ang mga nasa lokal at nasyunal na pamahalaan ay malayang magagawa.

Kaya pakiusap, kahit sa panahon lang ngayon ng pandemya, higit na magtulungan, makiisa, tumungo sa tamang proseso ng pagpuna at higit sa lahat ay tulungan natin ang ating kapitbahay na nangangailangan. At ITIGIL NATIN ANG ATING MGA ILUSYON NA BABALIK NA SA NORMAL ngayong katapusan ng Mayo. I-adjust ang inyong kaisipan at magbasa ng mga balita sa nagaganap sa ibang bansa at buong mundo. Virus muna ang tutukan natin bilang kalaban. PATAY NA ANG NORMAL. PERO TIYAK TAYONG BUHAY NA BUHAY ANG PAG-ASA AT PAG-ASAM NATING MAY LIWANAG AT MAY SOLUSYON SA LAHAT NG ITO! Patuloy na tayo ay mag-iingat dahil hindi pa tapos ang laban natin sa COVID-1.

operations. Authorities believe that the company is hoarding and overpricing medical supplies and equipment such as high-pressure stream sterilizer, blood bags, books, real-time quantitative thermal cycler, and other medical supplies and equipment.

Commissioner Rey Leonardo B. Guerrero issued the Letter of Authority and Mission Order after the televised address of President Rodrigo Duterte on Tuesday. The President directed the National Bureau of Investigation (NBI) and other officials to go against individuals and entities taking advantage of the pandemic by hoarding and overpricing medical supplies and equipment. "These companies are profiting from this pandemic by hoarding and selling these items for a higher price than what their true value are in the market. The agency is investigating all sellers of these overpriced medical supplies. We are not done yet," Com. Guerrero warned. Omnibus, which claims to be the exclusive distributor of Sansure medical equipment in the Philippines, was named as one of the bidders that was interested in supplying medical equipment to the government. Owned by a couple named Van William and Emily Co, it has been tagged for overselling an automated extraction machine from Sansure for P4 million per unit. The market price of the machine is P1.75 million.

The BOC raided the warehouse through the Customs Intelligence and Investigation Service (CIIS) Team Leader IO3 Alvin Enciso, with assistance from the Philippine Coast Guard (PCG) and NBI. The CIIS-team leader IO3 Alvin Y. Encso arrived in the warehouse at Wilson Street in Greenhills, San Juan and in Malabon City around 4:25 p.m. on Thursday after coordinating with the local police and barangay. They served the LOA and MO signed by the Com. Jagger Guerrero to the Chinese nationals present in the warehouse. The bureau will file a case against the company if they fail to show proof of payment of taxes and duties.

"This is a clear message to all sellers hoarding and overpricing these much-needed medical supplies. The bureau is going to come after you. The President made it clear that we will not be tolerant of companies who are taking advantage of this pandemic," said DepCom. Ramiro.

This isn't the first time the BOC-CIIS raided a store or warehouse selling overpriced medical supplies. In March and April, the agency seized some P50 million worth of Personal Protective Equipment (PPE) and alcohol from different stores in Manila. A similar raid was done in a warehouse located in Singalong, Malate, Manila for selling alleged medicines against COVID-19 worth P40 million earlier this month. Under R.A Act 7581 or the Price Act and R.A 11469 or The Bayanihan to Heal As One Act, Profiteering or earning large and unfair profits , especially in this time of emergency is punishable by Law.

Remember This When You Think You're Not Good Enough

Do you ever feel like you're not good enough? We all doubt ourselves sometimes – it's human nature. And the really crazy thing is, we think everyone else is doing better than us. But they aren't.

Every day we're comparing apples with oranges – comparing our insides with other people's outsides. In today's always-connected world it's even harder to keep things in perspective. Our lives are literally unfolding on Facebook, Instagram and Twitter. We use these social networks, not surprisingly, to showcase the best parts of our lives: the beautiful weddings and enviable honeymoons, the finished projects, and the best smiles. But we forget that we're only seeing everyone else's highlight reel too – not the sleepless nights, the failed attempts, the moments of grief and self-doubt.

Sometimes the indirect pressure to compete and keep up — coming through social media from peers, family, work colleagues, and society in general — is enough to make us feel completely broken inside. If we don't have the "right" job, relationship, lifestyle, and so forth, by a certain age or time frame, we assume we're just "not good enough." And that's just NOT true! So with all of this in mind, if you're not feeling "good enough" right now, it's time to adjust your thinking. It starts with acknowledging that all emotions come from within.

I want you to think about ONE self-limiting belief you have about yourself — one area of your life where you feel like you're not good enough. It can be about any part of your life you hope to change – your health, your weight, your job, your relationship – anything at all. What's one thing you've essentially decided is a fact about your place on this Earth?

And then I want you to immediately shift gears and think about ONE time, one fleeting moment, in which the opposite of that 'fact' was true for you. I don't care how tiny of a victory it was, or even if it was a partial victory. What's one moment in time you can look back on and say, "Hey, that was totally unlike 'me' – but I did it!"?

- Supported morally or financially COVID-19 Frontliners and/or victims
- Lost weight and kept it off
- Spoke up when you had something to say
- Stood up for yourself
- Felt loved
- Approached a guy/girl, and didn't fall on your face

- Learned a new skill
- Had a good idea that worked
- etc.

Once you identify the cracks in the wall of a self-limiting belief, you can start attacking it. You can start taking steps forward every day that go against it – tiny victories, more confidence, gradual momentum, bigger victories, even more confidence, and so on...

Until your thoughts and your reality change for good! You CAN think better, and you CAN live better! But, of course, that's sometimes much easier said than done. Thinking better takes guidance and practice.

BOC Coll. Atty. MENDOZA at Mactan Customs... from page 1

tambalan Coll. Campo at Coll. Atty. Mendoza plus Assessment Chief Nelly Wilwayco pagdating sa mga kautusan ng port.

Sa punto 'yan pinatunayan ni Coll. Gerry Campo sa kanyang bossing Coll. Atty. Mendoza na kahit sa kasagsagan ng corona-virus [covid-19] sa bansa, particular sa Mactan Customs ay talaga bantay sarado ng kanyang mga alerto tauhan ang mga mandarambong na importers con brokers na nagpaparating ng mga misdeclared shipments sa mga bodega at paliparan ng Mactan Customs.

Ito na ang resulta Com. Jagger Guerrero at Sec. Sonny Dominguez, base sa report ni Coll. Campo na ipinadala May 14, 2020 sa tanggapan ni District Collector Atty. Charlito Martin R. Mendoza.

May 14, 2020 nasakote ng operatiba ni Coll. Gerry Campo ang almost P1.7-million misdeclared shipments nakapangalan sa isang Mr. Allan Crisologo c/o Mactan Sangrila Resort Hotel na covered ng Informal Entry No. 22385-20 declared as SNACK FOODS FROM HONGKONG with AWB No. 2154521250...

Sa madaling sabi Com. Guerrero at Sec. Dominguez, [MISDECLARED SHIPMENTS], ang tunay na laman ng kargada ni Mr. Crisologo na nakapaloob sa Five [5] boxes undetermined quantity of what appeared to be MEDICINES as "LIANHUA QINGWEN JIAONANG, JINHUA QINGGAN KELI" and "FOODSTUFFS". Sa FDA advisory No. 2020-767 dated May 5, 2020 ang LIANHUA QINGWEN JIAONANG is considered a VIOLATIVE PRODUCT, it being as UNREGISTERED DRUG.

Sa report naman ni Assessment Chief Cornelia Wilwayco at Customs Appraiser Cirila Lumacad, inirekomenda nila kay Coll. Atty. Mendoza na maisyuhan ito ng Warrant of Seizure and Detention [WSD] in violation of Section 1113[i] of R.A No. 10863, otherwise known as "The Customs Modernization and Tariff Act" [CMTA]; R.A N0. 3720 otherwise known as "An Act to Ensure the Safety and Purity of the Foods, Drugs and Cosmetic Being Made Available to the Public by Creating the Food and Drug Administration which shall Administer and Enforce the Law Pertaining Thereto."

'Yan ay pagpapatunay base na rin sa isinagawang inventory ng Customs Examiner, Mactan CIIS, ESS, XIP, ESS-CAIDTF, PDEA at DHL Representative. [DEL O. PAR].

PNP Region 9.

The confiscated cigarettes were placed outside the fast cargo warehouse where 40-ton forklift equipment crushed the said cigarettes after it was drenched in water.

Coll. Barte said that the destruction of these contrabands is pursuant to the instruction of Commissioner Rey Leonardo B. Guerrero to destroy smuggled cigarettes once the final decree of forfeiture is rendered.

This is also part of the agency's drive to combat smuggling and will serve as a warning to smugglers to stop their illegal activities, Barte added.

Coll. Barte expressed his appreciation to all law enforcement agencies in the city for their continuous support in the anti-smuggling drive of the Bureau of Customs.

He also extolled the City Government Mayor Beng Climaco thru Councilor Josephine Pareja who provided the equipment, dump trucks and the access to the sanitary landfill. Councilors Pareja and John Dalipe were also witnessed the said destruction. The crushed cigarettes were then disposed at the City Sanitary Landfill, Brgy.Salaan, Zamboanga City.

B.I. UMAPELA SA PUBLIKO NA ITIGIL ANG PAG POPOST NG MGA PEKENG BALITA TUNGKOL SA PAGDATING NG MGA DAYUHAN SA BANSA

Ang Bureau of Immigration ay humiling sa publiko na itigil ang pagpapalaganap ng mga pekeng balita tungkol sa pagdating ng mga dayuhan sa kabila ng patuloy na mga paghihigpit sa paglalakbay na ipinatupad ng ahensya.

Ang tawag ay sumusunod sa isang post sa viral sa social media na ang isang flight mula Wuhan, China ay nakarating sa Maynila ang post, na-upload ng nakuha ng libu-libong paglalabas sa Facebook.

Muling sinabi ni Morente na ang mga flight ay hindi ipinagbabawal, at ang ilang mga flight mula sa buong mundo ay patuloy na nagpapatakbo, ngunit ipinatutupad nila ang mahigpit sa pagpasok at paglabas ng mga tao.

Nauna rito, ang Civil Aviation Authority of the Philippines ay naglabas ng isang paglilinaw na nagsasabi na ang Royal Chater Air 417, na sinasabing ang paksa ng viral social media post, ay nagdala lamang ng mga kargamento.

Kasunod ng mga alituntunin mula sa Inter-Agency Task Force para sa Pamamahala ng mga Lumilitaw na Mga Infectiois Diseases (IATF), ang mga flight ng cargo ay maaaring magpatuloy upang mapatakbo.

Ang BI, sa kabilang banda, ay nagpapatupad ng mga paghihigpit sa pagpasok at paglabas ng mga tao. Sa ilalim ng kasalukuyang mga paghihigpit sa paglalakbay, ang mga Pilipino lamang, at ang kanilang asawa at mga anak, mga akreditadong opisyal ng gobyerno at internasyonal na samahan ng organisasyon, pati na rin ang mga crew ng dayuhang eroplano ang pinapayagan na pumasok sa bansa.

"Ang mga paghihigpit sa paglalakbay sa internasyonal ay nananatiling sa ilalim ng GCQ General quarantine ng komunidad.

Ang mga dayuhang nasyonalidad ay maaaring umalis sa Pilipinas anumang oras, habang ang mga manggagawang Pilipino lamang sa ibang bansa,at permanenteng residente o may hawak ng mga visa ng mag-aaral sa kanilang bansang pupuntahan ang maaaring payagan na umalis.

"Ang pagdating at pag-alis ng mga komersyal na flight ng pasahero na patuloy na nagpapatakbo ay maaaring magdala lamang ng mga na-exempt mula sa pagbabawal.

Sabi ni Morente. Hinikayat niya ang mga netizen na itigil ang pagpopost ng mga pekeng balita at "suriin at dobleng suriin ang impormasyon sa online, at palaging i-verify sa pamamagitan ng mga lehitimong mapagkukunan".

DPWH-SISIMULAN ANG PAGTATAYO NG MGA PANSAMANTALANG OFFSITE DORMITORYO PARA SA MANGGAWA NG PAMBANSANG KALUSUGAN SA QUEZON CITY MEMORIAL CIRCLE

Sisimulan ng Department of Public Works and Highways (DPWH) ang pagtatayo ng mga pansamantalang dormitoryo para sa mga manggagawa sa pangangalagang pangkalusugan simula sa unang linggo ng Hunyo sa Quezon Memorial Circle sa Quezon City.

Sinabi ni Dpwh Sec. Mark Villar na ang iminungkahing 'We Heal as One Offsite Dormitory' ng DPWH Task Force upang Mapadali ang Augmentation ng Lokal ng Pambansang Kalusugan na Pasilidad sa Quezon Memorial Circle ay isang kinakailangang pasilidad para sa mga manggagawa sa pangangalagang pangkalusugan na ma-recharge ang isip at katawan ng tao pagkatapos ng isang mahigpit na araw sa mga frontlines ng COVID-19.

Sa kanyang ulat kay Kalihim Villar, sinabi ni Undersecretary Emil K. Sadain na ang pagsusuri sa mga iminungkahing aktwal na lugar ng nakaplanong anim (6)na offsite dormitory sa Quezon Memorial Circle ay isinasagawa ng DPWH Task Force upang Mapabilis ang Augmentation of Health Facility na kasama ang mga kinatawan mula sa lokal na pamahalaan ng Quezon City.

Sinabi ni Undersecretary Sadain na ang mga offsite dormitoryo para sa mga medikal ay inilaan para sa mga medikal na tauhan ng East Avenue Medical Center, Philippine Heart Center, Lung Center of the Philippines, National Kidney and Transplant Institute, Veterans Memorial Medical Center, V. Luna Medical Center at iba pang ospital mga manggagawa.

Sinabi ni Usec Sadain habang ang DPWH ay nag-ambag sa pambansang pagsisikap ng gobyerno sa pagbuo ng mga pasilidad sa quarantine sa pamamagitan ng pag-convert ng mga pampublikong gusali at puwang sa COVID-19 na 'Heal as One Center' para sa pagkahiwalay at paggamot ng mga pasyente, mahalaga din na bigyan ng mataas na priyoridad sa pagtugon sa pangangailangan para sa mga pasilidad ng tirahan ng mga tauhang medikal upang matiyak ang kanilang kaligtasan at kahusayan sa paghahatid ng kanilang mga serbisyo sa kalusugan.

Sa mga tagubilin ni Kalihim Villar, ang DPWH Task Force na pinamumunuan ni Undersecretary Sadain ay paunang ipinakita at tinalakay kay Quezon City Mayor Joy Belmonte ang konsepto at naghanda ng mga plano para sa pagtatakda ng mga binuo na mga dormitoryo na binuo upang pansamantalang mag-bahay ang mga medikal na doktor at ospital at mga tauhan.

Nagpahayag ng buong suporta ang Lungsod sa inisyatibo ng DPWH ng pagbuo ng mga off-site na dormitoryo sa Quezon Memorial Circle na malapit sa mga pangunahing ospital sa Quezon City na nakikipag-away sa laban sa COVID-19.

Batay sa mga plano ng disenyo na inihanda ng DPWH Task Force, ang isang one-story dormitory ay maaaring magkaroon ng 16 na silid na may magkahiwalay na banyo sa pamamagitan ng pagsasama-sama ng dalawang 40-paa na modular na lalagyan sa kaliwa at kanang panig na may gitnang puwang para sa karaniwang kainan at hiwalay na puwang para sa labahan at kusina na lugar sa dulo.

Ang isang (1) dormitoryong nasa labas na site ay maaaring makaipon ng 32 mga medikal na tauhan na maiiwasan mula sa paglalakbay mula sa ospital patungo sa bahay para sa isang maikling pahinga.

Ayon pa kay Sadain kapag hindi na kinakailangan ang pansamantalang dormitory ay maaring mai-disassembled at ang bawat isa na maiimbak ng Dpwh para sa iba pang mga kaugnay na kinakailangan tulad ng pansamantalang kanlungan sa panahon ng pagtugon sa kalamidad.

BARBERO NATUWA SA INAASAHANG MULING PAGBUBUKAS

MARAMI po sa ating mga kababayan ang nagpahayag ng kagalakan partikular na ang mga barbershops at salon sapagkat simula po sa Hunyo 7 ay papayagan nang muling magbukas subalit sa limitadong kasapidad lamang.

Pero tandaan na bawal pa rin daw po ang manicures, pedicures, facials at eyebrow shaping hanggang sa matapos na mare-assess ng Inter-Agency Task Force on Emerging Infection Diseases (IATF-EID) ang sitwasyon sa mga susunod na linggo ayon sa pahayag ng Palasyo.

Subalit ito po na mga negosyong ito ay kailangan na maglagay ng disinfection mats sa mga entrances, maglagay ng mga visible floor markers at cover furniture na may plastic bilang karagdagan sa mga usual quarantine protocols tulad ng face masks, physical distancing, palagiang sanitization ng work stations at kagamitan pagkatapos ng bawat customer.

Hahayaan po na mag-operate sa 30% operational capacity sa June 7 hanggang sa mataasan ng 50% pagkatapos ng June 21 ang mga barbershops at salons sa general community quarantine areas base sa resolusyon ng IATF.

Papayagan na magbukas sa 50% capacity at tataas ng 100% capacity sa Hunyo 30 ang mga lugar na nasa ilalim ng modified general community quarantine.

HINDI pa rin pahihintulutan ang pagbabalik-operasyon ng mga sinehan sa ilalim ng general community quarantine na sa tingin po natin ay maghihintay pa ng mas matagal na panahon ang mga Pinoy movie-goers. Para sa kaalaman ng mga Pinoy movie-goers kabilang kasi ang mga cinema sa Category IV na pinagbabawalan pa ring mag-operate sa ilalim ng GCQ areas.

Nagpahayag ng pagkabahala ang maraming artista sa kung ano na ang kahihinatnan ng tigil-operasyon ng kanilang industriya sa kabuhayan ng maraming showbiz workers.

Dumadaing na po ang mga taga-movie industry dahil online platforms lamang ang pinapayagan na makapag-palabas ng mga pelikula at programa.

Magugunitang nakasaad sa guidelines na inilabas ng Inter-Agency Task Force for the Management of Emerging Infectious Diseases, na sa ilalim ng GCQ, ay kasama sa Category IV ang gyms, fitness studios at sports facilities; entertainment establishments (cinemas, theaters and karaoke bars); kid's amusement industries (playrooms, rides), libraries, archives, museums and cultural centers at marami pang iba. Kaunting tiis na lamang marahil sapagkat sa nakikita natin ay unti-unti namang naibabalik ng gobierno ang kabuhayan o pinagkakakitaan ng ating mga kababayan.

VILLAR TUTOL SA AYUDA SA MIDDLE CLASS

LUMILITAW po na hindi gusto ntong si Senator Cynthia Villar nakatanggap ang mga middle class ng cash aid mula sa gobyerno kaya't kinukwestyon nito ang Department of Social Welfare and Development (DSWD) kahit na sila ay nakakatanggap ng sahod sa gitna ng quarantine period, lalo na kung ang mga ito ay nagtratrabaho sa gobyerno at maging sa mga private companies.

Nagtataka itong si Villar kung bakit 18-M na pamilya ang kasama sa mga benepisyaryo ng Social Amelioration Program (SAP), gayong may 22 million pamilya sa Pilipinas at 15% sa mga ito ay nasa upper middle at mayaman. Kaya ang Ibig sabihin ang 18M umano na benepisyaryo ay binubuo ng 82% kung saan ang iba sa mga ito ay nasa middle class.

Igiiit po senadora sa hearing sa Senate Committee of the Whole na kung ang datos ng DSWD ay batay sa 2015 census, tanging 60% lang ng total population ang makakatanggap ng government assistance.

Ipinahayag ni National Economic and Development Authority (Neda) acting secretary Karl Kendrick Chua na nabuo umano nila ang 18M para maging "accurate" dahil tumaas ang populasyon mula 2015 hanggang 2020.

Ang pagbili daw ng gobyerno ng mas mahal na medical equipment sa gitna ng coronavirus disease pandemic depensa ni Health Secretary Francisco Duque III.

Si Senator Panfilo Lacson ang siyang nakapuna sa umano'y "grossly overpriced" na mga health at medical supplies na binili ng gobierno para sa Department of Health(DOH).

Kaagad na ipinasa ni Duque ang mga katanungan ng mga senador kay Budget Undersecretary Lloyd Lao, executive director of the Procurement Service, at sinabing wala sa mga items ang direktang binili ng DOH da pagdinig ng Senate committee of the whole kaugnaay sa updates sa COVID-19 response.

At dito nga ay hiniling nila ang tulong ng PS-DBM o Procurement Service of the Department of Budget and Management, dahil sa panahong iyon umano ay nagsisimula silang pataasin at habulin ang testing capacity.

Nagpahayag ng paniniwala si Duque na umano silang ang PS-DBM ang may mas malawak na network ng local at international suppliers kung kaya naisip daw nilang makakakuha sila ng mas competitive kung hindi man reasonable pricing points. Samantala makikialam na daw ang Palasyo sa problema ng maraming overseas Filipino workers (OFWs) na patuloy na nakatengga sa maraming quarantine hotels, facilities and vessels sa bansa.

Bagamat nasa hurisdiksyon ng Overseas Workers Welfare Administration (OWWA) ang pag-aasikaso sa concern na ito ng mga OFWs, pakikialaman na ito ng Malacañang dahil mismong si Pangulong Rodrigo duterte ay nababahala na rito ayon kay Presidential Spokesman Harry Roque.

At gusto na ring malaman ng Malacañang kung ano ang ugat ng reklamo ng mga OFWs na kasama yata sa reklamo ng mga OFWs, naisailalim na sila sa rapid test at polymerase chain reaction (PCR) tests at marami na rin sa kanila ang nabigyan ng certification ng Bureau of Quarantine pero hanggang ngayon ay hindi pa rin sila pinapayagang makauwi sa kani-kanilang pamilya.

At hihingin na niya sa OWWA ang imbentaryo ng mga OFWs na naisailalim sa rapid test at PCR test at sino-sino ang mga may resulta na para ang mga negatibo naman sa test ay agad nang mapauwi dagdag ni Roque.

KONSEHAL SA PASAY PINAGMUMURA ANG MGA FRONTLINERS

ISANG pulong ang itinakda ni Pasay City Mayor Emi Calixto Rubiano sa mga konsehal kaugnay sa nag-viral sa social media na pagmumura at paninigaw sa ilang medical frontliners ng isang konsehal na nadatnan nito habang isinasagawa ang rapid testing sa loob ng session hall (Mayo19) sa Pasay City Hall .

Pag-uusapan sa ipinatawag na pulong ng alkalde ang naging isyu sa nasabing video kung saan nagmumura at nagsisisgaw sa galit si Councilor Moti Arceo. "I find it regrettable that the incident happened. But as mayor, it is my responsibility to ensure that we should focus on our real enemy which is COVD-19," ani Mayor Emi.

Sinabi ni Mayor Rubiano, nakipag-usap at nagtanung-tanong na rin sa mga sangkot sa pangyayari upang kunin at pakinggan ang kanilang panig kaya naniniwala siya na may misunderstanding lang kaya nangyari iyon. Napag-alaman na may ipinalabas noong isang linggo ng Memorandum ang Pasay City Human Resource Management and Development Office noong Mayo 18, 2020 kaugnay sa COVID-19 Rapid Testing.

"In line with the City's policy to ensure the safety of its employees and workplace, please be informed that there will be a rapid testing for the skeleton workforce starting tomorrow 19 May 2020 at the Sangguniang Panglungsod Session Hall…"

Gayunman, hindi nagustuhan ng konsehal na sa session hall idaos ang rapid testing dahil madalas umano idis-infect ang session hall at delikado na doon pa magkalat sakaling may virus. Sa isang video maririnig na kinukuwestiyon ng konsehal kung bakit doon ginawa ang testing at hindi siya kumbinsido sa naging sagot ng ilang medtech na hindi naman delikado ito. Kung talagang hindi umano mapanganib, bakit naglagay pa ng mga plastic na harang at nakasuot pa ng personal protective equipment (PPE) ang mga nagsagawa ng rapid testing.

SAMANTALA nasa may 40,000 eligible Parañaque residents ang tatanggap ng tig P5,000 cash assistance mula sa lokal na pamahalaan sa ilalim ng new Paraña-Cash program sa pagpasok ng Hunyo, Inihayag ni Mayor Edwin Olivarez.

Ayon sa alkalde, kabilang sa magbebenipisyo sa programang ito ang mga "left-out households" na hindi man lang nakatanggap ng kahit anong cash assistance mula sa national government sa ilalim ng Social Amelioration Program (SAP) , expanded 4Ps, at COVID-19 Adjustment Measures Program ng Department of Labor and Employment (DOLE).

"Households who did not receive cash from the national government are entitled to P5,000 cash assistance as part of the city's relief efforts to mitigate the economic impact caused by coronavirus disease 2019 (COVID-19) pandemic," ani Olivarez.

Ang pondo sa Paraña-Cash program ay nagmula sa sinuspindeng konstruksiyon ng P200 million astrodome project na dapat sanang makumpleto ngayong taon.

Batay kay Mar Jimenez, hepe ng Public Information Office (PIO)ang eligible households ay kailangang mag fill-up ng intake)form na ido-download mula sa computer sa pamamagitan ng kinatawan na nasa hustong gulang na. Ilalakip ng aplikante ang sertipikasyon na siya o ang mga kasama sa bahay ay hindi pa nakatanggap o targeted beneficiary ng SAP.

Matapos ang maikling interview bago siya bigyan ng "Europay, Mastercard, at Visa" card (EMV) o alimang debit card kung saan idadaan ang Paraña-cash pay-out. Ang EMV card ay ipapangalan sa household's designated representative.

"The distribution scheme may be carried out by house-to-house, sitio-by-sitio, or plaza type depending on population density and size of the area, with strict adherence to stringent social distancing measures, "ani Jimenez. Nilinaw pa ni Jimenez na ang intake form ay isang public document kaya dapat na totoong impormasyon ang isusulat upang hindi makasuhan.

Kapag may nakitang pagsisinungaling sa form, magiging ground ito para ma-black list ang aplikante o sinumang miyembro ng isang household para sa anumang uri ng relief assistance.

SA KABILANG dako naman nabatid na pinag-aaralan rin ng gobyerno ang "zone" o barangay lockdown at ayon nga kay Defense Secretary Delfin Lorenzana na posibleng isailalim ang Metro Manila sa General Community Quarantine (GCQ) sa June 1.

Hindi agad-agad magpapatupad ang gobyerno na lubusang tanggalin ang lockdown, sa kabila na ang mga kaso ng COVID-19 ay nag-lelevel off na, sa layuning maipatupad sa mga tao ang sariling disiplina ayon kay Lorenzana. Ito ay bilang paghahanda para sa mga residente sa Kamaynilaan sa "new normal," kung saan uugaliin na ang pagsusuot ng face mask, maging ang iba pang health at safety protocols sa loob rin ng mga opisina.

Sa kasalukuyan ay tinutukoy pa Inter Agency Task Force (IATF) ang mga lugar sa Metro Manila na may mataas na kaso ng infections.

LGUs ASK TO SUPPORT FISHERFOLKS/FISH TRADERS AFFECTED BY COVID19

The Bureau of Fisheries and Aquatic Resources(BFAR) in Central Visayas has urged local government units(LGUs) to support fishermen and fish traders that are currently affected by Covid19 pandemic.

BFAR-7 Regional Director Allan Poquita said " Fewer people are allowed to go out of their houses to buy necessities and commodities. Some traders could hardly pass through border's because of the Enhanced Community Quarantine(ECQ). We fully support the measures imposed by the LGUs but we are also asking their help to address the plight of our fishery stakeholders."

He insisted that the fishery industry has been crippled by the pandemic following impositions of travel and people movement restrictions.

As he is asking local officials to allow fish dealers and traders to have access in going into and out from the fishing landing centers in the region.

There are two known fishing landing centers in Metro Cebu and these are: Barangay Pasil in Cebu City and the fishport in Danao City.

On BFAR's part,they have been issuing food passes to suppliers and truckers to grant them privilege to get through checkpoints so that there will be unhampered movement of cargoes, fishery inputs, and any other food products.

Fisherfolks and fish traders complained on the slowdown of sales as there maybe sufficient fish supply but only a few dealers or customers get to buy their products.

Since some fishes are perishable, some vendors are forced to sell their products at very low prices just so they can dispose them at good quality.

While some buyers from other provinces or towns could not travel or get through borders because of the restricted movement and banned sea trips.

Poquita encourages LGUs through Municipal Agriculture Office(MAO) to facilitate transport of fish products for the landing centers to their fish markets to ensure availability of fish commodities in their area as local officials may even offer the fish products available in their market as goods to be given to households.

BFAR-7 proposes in putting up of mini- fish markets which should be accessible to assist marginal fishermen sell their fish catch.

POLITICS CONTINUE TO HOUND RELIEF GOODS/ QUARANTINE PASSES DISTRIBUTION IN CEBU CITY.

"Politics should not play a role in this very important chapter in our lives karon(now), we are facing a very terrible crisis," said Cebu City Mayor Edgardo Labella.

However, his statement is not being followed by his appointed job order employees from the Mayor's Information and Liaison Office(MILO) in the 80 barangays in the city.

This as DAILY TRIBUNE continue to receive complaints that these MILO officers have been selecting families/individuals to benefit from the relief goods and quarantine passes(QP).

In more than 50 barangays in the city which are identified with Bando Osmena-Pundok Kauswagan (BOPK),a local political party organized by former Mayor Tomas Osmena, the MILO took over the barangay functions in determining who are qualified to benefit from the rice allocations and QPs.

The city government purchased 100,000 sacks of rice for distribution to 120,000 families.

But MILO operatives insisted on having their own list of beneficiaries setting aside existing barangay survey data. Labella in a text message to DAILY TRIBUNE admitted " that is my big problem,they(MILO) still play politics." But he refused to suspend MILO operations as advised by his political allies.

Osmena on the other hand in a text message said " Labella is aware of the problem and REFUSES to act which is the REAL PROBLEM. And he expects your understanding?. "

The former mayor added " Labella will not move even its poor peoples food and not just money thats being stolen."

He reminded Cebuanos that during the super typhoon Ruping in the early 1990's, there was no politics and the City and Province of Cebu then succeeded in restoring back Cebu.

"There was no confusion and poiitics during Bagyong Ruping. 100% blackout,no water,thousands of garbage,5 landslides,blocked roads,no radio,TV and newspaper and we survived smoothly with no chaos like today. Instead we had.operation Asphalt Storm and 2,000 sodium lights replaced old ones. All these in over a month."

Labella when asked by media on advices to suspend MILO operations,he said this will coordinate with barangay officials especially the barangay captains.

He even denied knowing the MILO officers as being tasked to distribute QPs and relief goods.

Osmena alleged that Labella is incompetent and indecisive and should be hands-on in the crisis management system. Observers has commended Governor Gwendolyn Garcia, Mandaue City Mayor Jonas Cortes and Lapu-Lapu City Mayor Junard Chan as hands on crisis managers.

CEBUANA SOLON...SAYS SHE'S FULLY OKAY..ON REPORTEDLY BEING W/ SEN. KOKO

Cebu Province Sixth District Representative Emmarie " Lolypop" Ouano- Dizon says she is fully okay as she was one of the attendees in a gathering of PDP stalwarts were Senator Aquilino Pimentel III was present.

"I am fully okay. I have completed the 14-day self-imposed home quarantine," she said.

She narrated that the event, a PDP meeting,happened on March 4,2020 or 22 days ago.

"Since I did not exhibit any of the signs of infection throughout my quarantine period, I deemed it proper not to ask for Covid testing,as the limited testing supplies should be used by those who really need it most."

Ouano- Dizon together with husband NIxon " Jojo" Dizon,who is the Provincial Chairman of PDP- Cebu attended the gathering among party stalwarts were Senator Koko Pimentel was seen going around to greet all attendees.

The meeting-fellowship was organized by PDP President Manny Pacquiao in his residence in Forbes Park in Makati City. Pimentel was tested positive with Covid19.

Ouano- Dizon has been seen around her district yesterday going the rounds to provide food provisions for the health workers and police personnel in Mandaue City and the municipalities of Consolacion and Cordova. Cordova has already one confirmed case of Covid19.

DOST-RO2 boosts assistance to Isabela farmers with 20 units of Multi-Purpose Solar Drying trays

TUGUEGARAO CITY- Over 120 Isabela farmers in the Cagayan Valley region look forward to improving the quality of their produce after the Department of Science and Technology Region 02 (DOST-RO2) office provided six of their agricultural cooperatives 20 units of Multi-Purpose Solar Drying Trays. The equipment were given free.

The six farmers cooperatives include the Nakar Agriculture Cooperative, IP Agricultural Credit Cooperative, Dimas Agriculture Cooperative, Jones Goat Raiser Agriculture Cooperative, and the Dibulan Farmers Organization. All six are in the fourth district of Isabela province. The last two are based in Jones, Isabela.

Isabela 4th district Representative Alyssa Sheena P. Tan said the cooperatives' farmer-members will significantly benefit from the post-harvest equipments provided by DOST-R02, particularly in speeding up the drying and ensuring the enhanced quality of their farm produce. The Multi-purpose Solar Drying Trays will cut by half the time traditional sun-drying method takes.

DOST-R02 Regional Director Sancho Maborang said the solar dryers can be used to dry various farm products including grains, tobacco, meat and fish, among many others.

The farmer benefisries are from communities covered by the DOST Community Empowerment through Science and Technology (CEST) program.

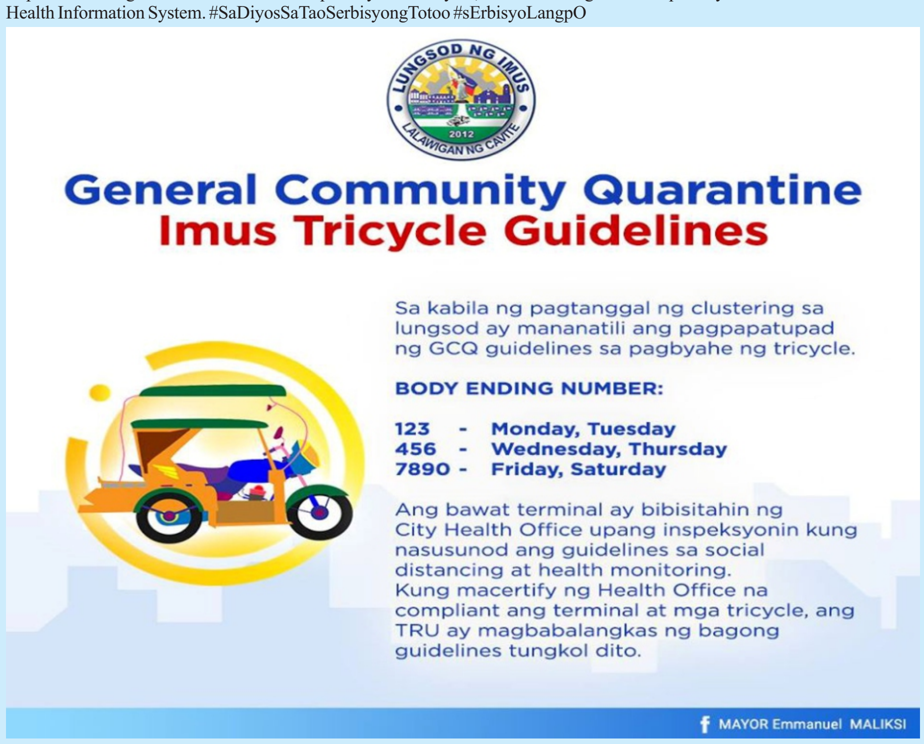
Expanded Testing for COVID-19 in Parañaque City As of May 31, 2020 according to Parañaque City Health Office - COVID-19 Health Information System. #SaDiyosSaTaoSerbisyongTotoo #sErbisyoLangpO



PAALALA: Imus Tricycle Guidelines: Sa kabila ng pagtanggal ng clustering sa lungsod ay mananatili ang pagpapatupad ng GCQ guidelines sa pagbyahe ng tricycle. BODY ENDING NUMBER: 123 - Monday, Tuesday; 456 - Wednesday, Thursday; 7890 - Friday, Saturday. Ang bawat terminal ay bibisitahin ng City Health Office upang inspeksyonin kung nasusunod ang guidelines sa social distancing at health monitoring. Kung macertify ng Health Office na compliant ang terminal at mga tricycle, ang TRU ay magbabalangkas ng bagong guidelines tungkol dito.
